CONGRESSMAN HARDY DELIVERS ADDRESS

Has Overflowing House To Hear
"League Of Nations" Discuss-
ed In Cameron.

A large and enthusiastic crowd of people heard Congressman Rufus Hardy's address on the League of Nations Wednesday afternoon, March 26 at the court house.

Judge John Watson introduced the speaker and in a few choice words told of Judge Hardy's career, emphasizing the part he was playing in the spread of the League of Nations propaganda.

Mr. Hardy read and discussed the articles of the league now under discussion around the peace table in France, stressing those points that are being criticised by the enemies of the League of Nations. Their motto is Wait—Wait until peace and then form the league. But why wait, says Hardy, when fourteen nations have agreed upon it. Why wait when the world is crying for it? Why wait when no good can be accomplished by waiting, except perhaps soothing the minds of these senators?

Objections are raised because the United States will have only one vote in the executive council. Every other nation has one vote, why should she have more. The objectors are afraid that the other members might combine against America. But who has America to fear? Who at the peace table is not her friend? If we were England we might have cause for suspicion, and if England can trust, why should we fear?

If the articles dealing with the armies and navies of the world are knocked out if it would mean to go back to the old competitive system of who could have the biggest. Think of the money required to keep up an army and think how disarmament would do away with all this drain on the peoples of the earth. Right here the principle of how much of our pride are we willing to sacrifice for the good of the country.

The back bone, the substance of all that is in the world peace is found in Article 10, Judge Hardy says. This deals with the prohibiting of an aggression by one nation on another. Article 11 is classed with this and promises protection to the nation that is besieged.

There are three possibilities for a nation: First, Isolation, which means that the nation shall make no alliances make no enemies, have no friends. We have tried this and have waged war with England, Spain and Germany. Submarines and aeroplanes make this possibility of a nation an impossibility. Isolation is the selfishness of a nation. Shall America say Let the world die? If all the countries of Europe expire are we not concerned? Yes, said the Judge, we are concerned for the continents of the earth are drawn together and every quiver of the public pulse in Europe finds an answering beat over here. Famine, riots and bolshevism, arising over there will come over here. And then the sufferings of the people of the earth. Can we be unmindful of these? No, for the nations of the earth are the sisters of America and the people are our brothers and we must succor them.

The second policy is a combination of two or more nations known as the Doctrine of the Balance of Power. This has been pursued by the nations of Europe and is based on selfishness and it too, has failed.

The third policy is the League of Nations with each nation bearing its share of the common burdens. This humanitarian sentiment alone can save the nations.

Judge Hardy stated that he endorsed every word of the League of Nations program but he would like to make three amendments. One giving right to any nation to withdraw from the league under extenuating circumstances by taking the proper steps. Another that the league have nothing to do with the internal affairs of any nation in it, thus putting the immigration restriction outside the realm of this jurisdiction. And third that the constitution of the league be amended more easily than it can now.

Articles 19, 20 and 21 are the only articles in the constitution that have

PARK IMPROVEMENT IS THE NEW PLAN

Gift To The City Of Cameron Years
Ago Will Be Made Place Of
Recreation.

Possibly there is not an old citizen in Cameron who is not aware of the fact that Cameron possesses one of the most beautiful parks, or sites for one of the most beautiful, in Texas, and everyone who knows this fact, also knows that it is the generous donation to the city from Aunt Lizzie Wilson, and is known as the Wilson-Ledbetter Park. The tract is situated in the southern part of the city and contains 25 acres, the donation was made March 12, 1914. The only request from the donor was that the city should build a fence around same and erect an arch at the main entrance bearing the inscription, "Wilson-Ledbetter Park."

Possibly because it has been everybody's business, there has been little improvement made at this beautiful spot, and possibly it has been a lack of funds on the city's part. Now there will be some improvements made. The Cameron Commercial Club has taken the matter in hand.

At the last meeting of the Club this matter was brought to the attention of those present and was discussed at length. After the views of a number of members were given it was decided to take hold of the matter and not only comply with Aunt Lizzie's wishes, but to make a real park of same. A motion prevailed to appoint a committee of five to confer with the city council and see what they could do, after which, the club will solicit the cooperation of the entire citizenship of Cameron in making this a park of which we will all be proud.

The committee appointed is: J. W. Coleman, chairman; R. H. McIntosh, C. W. Lawrence, Giles Avriett and Frank Lesovsky.

RAINFALL STILL CONTINUES VERY HEAVY IN CAMERON

The registration of the rain gauge maintained in Cameron by the United States Weather Bureau Department shows that during the month of March there was 2.41 inches of rain fell. This is compared to 2.12 in March 1918. The total since October 1918 to the present date, or for a season this year, there has been 25.02 inches of rainfall. The total from October 1917 to April 1st, 1918, or the season for the 1918 crop was 7.95 inches.

S. R. McClung, C. J. McCarty, D. A. Jones, W. M. Read and C. E. Wilbank of Waco attended the Fifth Sunday meeting at the First Baptist church in this city last week.

no parallel in the old constitution of the United States, and these have their basis in the Monroe Doctrine. In Washington's farewell address he advises the people against forming entangling alliances. Twenty years later President Monroe departed from this and said we will go thousands of miles to help a nation in distress. The same men that swear by Washington's speech, think the Monroe Doctrine should be the guiding principle of America. "Consistency thou art a jewel."

We've tried isolation. For three long years we waited, then we were dragged into it. For our own sakes we entered. We would be brought in again. The critics say—that was just one war. Yes, but it was the greatest and most terrible war of the ages. And generations upon generations will be bearing the burden. Had we had this treaty in July 1914, we would not have had this war. If we don't get something like the League of Nations to guarantee peace, what do we get for all this blood shed, this suffering, this money we put into this war.

In conclusion he said, "This may be a dream, but it's the grandest dream of man. It may prove a failure in that it may not prevent all wars. But it will prevent many wars and all wars for years to come. America is the golden thread that binds together the hearts of the world racked in misery. Let our motto be, "Stand by the President—America is for the League of Nations."

SAP HIGHWAY IS NAME OF NEW ROAD

Enthusiastic Meeting Of Citizens From
Four Counties Is Held In
Cameron.

A mass meeting of commercial clubs, good roads clubs and good roads enthusiasts from Milam, Lee, Falls, Burleson and McLennan counties was held in Cameron last Thursday night. The attendance was in number more than 600 men, which included a good delegation from every county. The Young Men's Business League of Waco was represented by R. J. Windrow, Davis Stribling and J. B. Earle.

Rockdale was represented by about seventy-five of their leading business men and farmers.

The object of the meeting was to lay plans for the establishing of a highway from Giddings to Waco, to be known as the Sap highway. It was called by the Cameron Commercial Club and was a success from every point of view.

President Robert McLane of the Cameron Commercial Club acted as chairman of the meeting and T. N. Herring, secretary of the Cameron Club acted as secretary and after a brief outline of the purpose of same by County Judge W. G. Gillis of Milam county, a motion from Geo. T. Graves prevailed as follows: That three men be named from each town represented to act as a committee to formulate plans, that said committee retire to another room and report as soon as possible.

Following is a list of members of this committee from the various towns:

Cameron, T. S. Henderson, Giles L. Avriett, Geo. T. Graves; Rockdale, Fred Graves, Preston Perry, E. B. Phillips; Lott, J. G. Ruble, Henry Lott, John Quincy Wilson; Rosebud, C. W. Strauss, J. R. Taylor, H. D. Crosby; Burlington, Ed Cahill, Fred Schiller, Earl Keys; Ben Arnold, Ed Frazier, Henry Reeves; Lexington, J. J. Brown, E. L. Rutland, C. C. Perry; Tanglewood, Doss Brown, John Tredwill, Will Chandler; Hicks, E. G. Lowe, J. P. Sparks, J. A. Kyle; Waco, R. J. Windrow, Davis Stribling, J. B. Earle; "No-Man's-Land" (a strip of road between Cameron and Rockdale unclaimed by either town,) George Banzhaf, R. H. Caldwell.

This committee from the various towns retired and while absent one of the most enthusiastic meetings ever held in Central Texas was had. Speechmaking was the order and had Plato, Aristotle or Demosthenes been present their great orations would have been brought back to their memory.

The general committee reported as follows:

Plan of Organization.
To The Honorable Robert McLane, Chairman:

Your committee on organization respectfully report as follows:

First—They suggest that the delegates here present form a permanent organization for the purpose of securing the establishment by the State highway commission of a highway to be known as "the Sap Highway," extending from the city of Waco southward along the line of the Sap railway to the city of Giddings.

Second—That such organization be effected by the election of a president, two vice presidents, a secretary and treasurer and an executive committee of fourteen members, representing the towns along the line of said highway, and we nominate for said positions the following:

Hon. T. S. Henderson, Cameron, president.

Messrs. O. R. Porterfield, Lott; and E. B. Phillips, Rockdale, vice presidents.

E. A. Donaldson, Rosebud, secretary-treasurer.

Directors—Gordon Gaither, Chilton; Roy Gaither, Rosebud; Geo. T. Graves, Cameron; E. A. Camp, Rockdale; Prof. E. S. Hearne, Ben Arnold; Ed Cahill, Burlington; D. F. Wade, Lexington; A. J. Dossett, Waco; W. H. Fletcher, Minerva; D. S. Moffett, Lott; Lee Hillim, Hicks; Dr. Johnson, Giddings; J. A. Treadwell, Tanglewood; Will Shubert, Lincoln.

Third—The above organization is charged with the work of organizing

CAMERON CITIZENS FOR BETTER SCHOOLS

Special Election Held Tuesday Shows
A Large Majority Favoring
Extra Tax.

The special election which was held in Cameron Tuesday in connection with the regular election was a unanimous victory for better schools in Cameron. While the vote was very light, and only property tax payers were allowed to vote, the indication is that everybody is squarely behind the school. The vote was 91 for the tax and 8 against the tax.

Following is the proclamation issued by the Mayor of Cameron and the substance in detail of what was voted upon by the citizens.

Proclamation Calling A Special Election in Cameron, on Tuesday, April 1, 1919.

Whereas, at the regular March session of the City Council of the City of Cameron, the following resolution was adopted unanimously, viz:

"Whereas, on this fourth day of March, 1919, the petition of T. S. Henderson and one hundred and fifty other property tax paying voters of said city was presented to the City Council of said City of Cameron requesting that the question of whether or not a special ad valorem tax of not to exceed seventy-five cents on the one hundred dollars valuation of all property situated in said city shall be levied by said city for school purposes as provided by Arts. 925, 2876, 2877, 2878 and 2879 of the Revised Statute of Texas as amended by the Acts of the Thirty-fifth Legislature approved March 30, 1917 and October 30, 1917; and the Council finds that said petition bears the required number of signatures of property tax paying voters of said city according to the last assessment rolls of said city and that said petition is in every respect in conformity with law; and whereas, the Independent School District of the City of Cameron is identical in area and boundaries with the areas and boundaries of said city; and whereas the said city has hitherto assumed control of the public free schools of said city in the manner required by law and is entitled to the privileges and benefit conferred upon cities and towns by said Arts. 925, 2876, 2877, 2878, and 2879 of the Revised Statutes of Texas as amended as aforesaid.

In the general election there were three aldermen re-elected, they were O. M. Smith, J. C. Joseph and J. D. Dobbins, all former members of the board.

REVIVAL MEETING AT BAPTIST CHURCH

Pastor B. B. Blaylock Plans A Campaign To Further The Cause
Of Christ.

The announcement was made several weeks ago that a revival meeting would begin at the First Baptist church in Cameron Sunday, April 6. Plans have been formulated and the meeting will begin as scheduled at 11 o'clock next Sunday morning. Rev. B. B. Blaylock, the pastor, will conduct the meeting and desires the cooperation, not only of his own members, but every denomination in the city. There will be two services daily morning and evening.

The citizenship of Cameron is well aware of the spiritual leadership of Brother Blaylock, he has conducted a number of successful meetings in this city and will no doubt receive the hearty support of all the christian people.

Baptists of Milam County.

The Fifth Sunday meeting of the Milam county Baptist Association held in Cameron last week, closing with a sermon Sunday morning at the 11 o'clock hour by Rev. Dr. Langham. The association had been in session since Friday morning and brought a number of prominent Baptists from over this part of the state to the city. Every line of the church work has been featured in the long program and much enthusiasm has been displayed. The meetings have been held in the First Baptist church of Cameron, Rev. B. B. Blaylock, pastor.

Mrs. Mary E. Green.

Monday morning at seven o'clock at the home of her daughter, Mrs. E. E. Alexander in Wichita Falls, occurred the death of Mrs. Mary E. Green of this city.

Mrs. Green who has made her home in Cameron for the past few years left about three weeks ago on a visit to her daughter in Wichita Falls. Just a week ago she contracted influenza and was quite sick from the very start. Her children were notified and several of them were able to be with her at the end. However, her death came as a surprise and a shock to her many friends in the city.

Mrs. Green who was Miss Mary E. Tike, was born in Columbus, Georgia in 1849. She was married in 1865 to Charles Nathaniel Green and they made their home in Alabama. They located near Huntsville where they raised their children. Fourteen children and two step children grew up under the guiding hand of this couple.

In December 1902 after 37 years of married life, Mr. Green died, leaving his partner to finish life alone. Mrs. Green was converted at an early age and joined the Methodist church. This faith has been the stay of her whole life. She was a devoted christian worker. The ladies in Cameron also found her a devoted Red Cross worker for during the war evening after evening found her in the work rooms. To her the war was a terrible reality for she had passed through the war between the states.

The deceased came to Cameron about twelve years ago and has made her home with her sons who live in the city. The people of Cameron soon learned to love her and claim her as their very own. She had a very strong personality and was a delightful companion and friend. She was a devoted mother, and her children and grandchildren were never happier than when she came to live with them.

The funeral of this noble woman took place in Huntsville, Alabama, Thursday morning, April 3rd. Her sons, Messrs. C. N., A. N., Leland and Logan of Cameron and John, La Telleur and Ernest of Rosebud attended the funeral. Mrs. Green is survived by fourteen children and two step children, thirty-six grand children and four great grand children.

This death marks the passing of a long and useful life. The Herald and the Cameron people extend the deepest sympathy to the sorrowing sons, daughters and grand children for they feel that they too, have sustained a deep loss.

COMMERCIAL CLUB ELECTS DIRECTORS

Enthusiastic Semi-Annual Meeting of
Club Is Held With Large Attendance.

The Semi-annual meeting of the Cameron Commercial Club was held last Friday night. The attendance was very large and enthusiasm ran high throughout the meeting. After the transaction of a few business matters, including the matter of voting to lease for the term of one year a park or athletic field for the Cameron high school, the business of electing officers and directors was taken up.

Before nominations were started Attorney W. W. Chambers, who has been chairman of the club's finance committee since organization, and whose record of attendance is that he has not missed a meeting, got the floor and delivered a most powerful speech relative to the importance of office holding in the Cameron Commercial club. He laid stress on the importance of being in attendance at every meeting and never shirking a duty.

As president of the club, Mr. Robert McLane was unanimously chosen and elected by acclamation. This being the third term he has been elected to this all important position. Mr. McLane's record for the year he has been in office is not a meeting missed.

Mr. C. W. Lawrence was unanimously chosen as vice president and Mr. George T. Graves, cashier of the Cameron State Bank, was elected treasurer. The secretary will be elected at the first meeting of the new board of directors which will be next Friday night, April 4.

There were 33 men nominated and placed on the board from which to select a board of directors and were chosen as follows: W. W. Chambers, George T. Graves, J. W. Coleman, W. G. Gillis, J. T. Parma, R. H. McIntosh, J. D. Dobbins, Giles Avriett, T. S. Henderson, John E. Mangum, E. A. Flinn and H. M. Hefley.

Many things for a better Cameron are planned for the next six months and every care will be used by the board of directors in selecting committee chairmen and members for the various committees, there being ten to select.

Number of good of the order speeches were made that night and the meeting was one of re-organizing that will long be remembered.

PROMINENT THORNDALE MAN VISITOR HERE THIS WEEK

Capt. A. J. Raveneau of Thorndale, who is in charge of the mechanical end of the R. L. Batte interests in that little city was a business visitor in Cameron a few days this week. "Cap," while over to the Metropolis on business did not fail to mix a little pleasure with his trip. He is a wholesome good fellow, just as good as he is big (and he's not very small) and if you are his friend he will always greet you as such. He returned home Wednesday afternoon.

CAM-HI WEEKLY ISSUES APRIL FOOL EDITION

The Cameron public school students of this city have been using a page in the local newspapers every week as a means of keeping their work before the citizens of the town as well as to tell of many "stunts" that are pulled off by the faculty and student body. This move was instigated by the principal, Prof. J. N. Crawford, immediately after he came to Cameron the first of January. Crawford and his able corps of editors decided last week to pull a real stunt and Tuesday morning, All Fools Day, they came out with an April Fool edition consisting of four pages, the paper was filled with pranks and funny things that would fool anybody. It was printed by the Cameron Herald and was a credit to boys and girls who put it out. The first idea that was conceived was to get the matter of a special school tax election before the people. Over 600 copies were sold at 10 cents per copy.

MILAM UNDER QUARANTINE AGAINST CATTLE TICK

The Live Stock Sanitary Commission reports that in accordance with Section 9, Chapter 60, General Laws passed by the 36th Legislature, at its regular session, the commission immediately after March 1, made and certified to the Governor a list of all counties and parts of counties in tick eradication Zone No. 1, that had not been freed from ticks and released from quarantine and that the Governor issued his Supplemental Proclamation No. 17, proclaiming a quarantine in and around such counties and parts of counties, to be in effect on and after April 1, 1919. The counties so quarantined are:

Anderson, Bell, Bowie, Brown, Burnett, Camp, Cass, Cherokee, Comanche, Coryell, Delta, Denton, Eastland, Falls, Fannin, Franklin, Freestone, Gregg, Hamilton, Harrison, Henderson, Hill, Hopkins, Lamar, Lampasas, Leon, Limestone, Llano, Marion, Milam, Mills, Morris, Navarro, Panola, Red River, Raines, Robertson, Rock, San Saba, Smith, Somerville, Shelby, Titus, Upshur, Van Zandt, Wise, Wood, also parts of the following counties: Jack, Johnson, Hood, Parker, McCulloch and Tarrant.

W. A. Wallace, chairman of the Live Stock Sanitary Commission, says that active tick eradication will be taken up in the quarantined territory above described and will be conducted in accordance with law and with the rules and regulations of the Live Stock Sanitary Commission as contained in the Governor's Proclamation, and that all owners of Live Stock should familiarize themselves therewith, in order that they may effectively co-operate with the inspectors of the Live Stock Sanitary Commission in ridding their county of the fever tick.

Under the provisions of the law, all cattle, horses, mules and asses immediately become quarantined April 1, in all counties and parts of counties mentioned in the Governor's Proclamation, and the owner or caretaker of such live stock cannot lawfully move them or allow them to be moved until his premises have been released from quarantine, except in accordance with the rules and regulations of the Live Stock Sanitary Commission.

GET BEHIND VICTORY LOAN SLOGAN OF METHODISTS

"Your patriotic duty is to help the Fifth Liberty Loan to an overwhelming success," is the word sent out by Dr. W. B. Beauchamp, Director General of the Centenary Campaign to millions in the Southern States.

"Our own plans for raising thirty-five million dollars for the work of the Centenary are thrust aside that the Government may fulfill its obligations and promises made during the War.

"That there will be no conflict in dates of the two campaigns that of the week of April 27th to that of May 18th. This was done so that no obstacles of any kind will be in the way of a successful conclusion of the Liberty Loan and that it will get its full quota from the South.

"Let us co-operate in every possible way, and in the satisfaction of knowing that each and every one of us has done a full duty there will come an added stimulus and enthusiasm for our own drive for funds to extend our religious work at home and in the war destroyed countries of Europe.

Jewish Relief Campaign.

The first campaign ever instituted by any Jewish society in Texas will be opened on April 7th, when the American Jewish Relief Committee will open its drive for the States apportionment of the \$35,000,000 to be raised in the United States for war sufferers in Asia Minor. The campaign is heartily indorsed by President Wilson and other prominent national characters who are cognizant of its need and purpose. The fund will not be used for Jews alone, but for all sufferers within the war zones. It is non-sectarian, though being waged by the American Jewish Relief Committee.

Jews have always been solicited for contributions to campaigns of every kind for relief purposes throughout the country and this fund to be raised will be the first in which the Jews have called upon all citizens of the United States to contribute for Jewish sufferers and other sufferers in the stricken zones. The end of the war has not lessened, but rather has accentuated the sufferings of the Jews in Asia Minor who have been

practically denied any means of livelihood. Particularly is this true in Palestine and Galicia.

The American Jewish Relief Committee did not participate in the funds secured from the United War Work Campaign. The Jewish Welfare Board secured an apportionment of the funds, which were used for promoting the welfare of our soldiers and sailors. The funds to be secured by the American Jewish Relief Committee will be used in relieving distress and suffering of the populace in the war torn areas of Palestine and Galicia in particular.

Inasmuch as the problem is primarily one affecting the Jews, because the area in which the funds are to be used is mostly Jewish and because of the fact that the organization of the Red Cross is not perfected in these countries, the American Jewish Relief Committee has been organized to take care of these sufferers. Among the other prominent national characters behind the movement are: Secretary of State Robert Lansing, Jacob H. Schiff of New York, James Cardinal Gibbons, Vice-President Marshall, Secretary of the Navy Daniels, Felix M. Warburg, Senator Willard Saulsbury of Delaware, Governor Thos. Walter Bickett of North Carolina and others. The State Chairman for Texas is Alex Sanger of Dallas. Organization is being perfected throughout the State for the drive which will open on April 7th and last until April 12th. Chairmen will be announced soon for each district within the State.

Owing to the limited number of members of the Jewish Welfare Board in Cameron there will be no active canvass made for the above fund, according to Mr. J. C. Joseph. However, it is hoped that a good sum will be donated by the Cameron citizens and all those desiring to make

Vernon Dalhart.

Cameron people enjoyed a treat last Friday night when Vernon Dalhart sang in an Edison concert.

Mr. Dalhart who is a Texan and who is quite a noted tenor singer, gave a splendid selection of songs. His repertoire was made up of very catchy and popular songs which always delight an audience.

The Edison showed itself to be the "instrument with a soul." The power to re-create the human voice was proven beyond a shadow of a doubt as Mr. Dalhart would remain quiet while his voice and the Edison took up the air.

The evening's program was splendid and the packed house of enthusiastic listeners counted themselves fortunate to have had this opportunity.

Presbyterian Church.

Last Sunday evening, the Ladies' Auxiliary arranged a service in the interest of Sunday School Missions. The high school orchestra led in the music. Miss Bonnie Brougher's girls favored us with a selection. Miss Olive Henderson gave us a violin solo and the service was enjoyed by all.

Sunday the usual service. In the morning a sermon on consecration and

the Lord's supper. We are expecting a male quartette to sing at this service. The evening services come at 8 o'clock.

REVIVAL AT BAPTIST CHURCH BEGINS NEXT SUNDAY

We will begin our spring meeting next Sunday. The pastor and his local forces will conduct the meeting. There will be no outside help. This meeting will be held in the interest of the spiritual forces of Cameron. The objectives of the meetings are: first, to deepen the spiritual lives of the Christian people, and second, to lead the lost of our town to Christ.

We extend a cordial invitation to members of the other churches of the city to join us in our efforts to build up the cause of our common Lord and help us save the lost. We especially invite the singers of the other churches to assist us in the music.

There will be two service each day morning and evening. Will those who pray, ask God's blessing daily on our meeting?

Respectfully,
B. B. Blaylock, Pastor.

FORD REPRESENTATIVE VISITOR IN CAMERON

Mr. E. L. Stacey, representing the Ford Motor Company of Houston was a visitor in Cameron during the first part of the week. Mr. Stacey is high up in the Ford business. He makes regular visits to the different dealers over the State and in conversation with a Herald man on his trip to Cameron relates that the Chambers-Hefley Company's business was in the best of condition.

Early Morning Wedding.

All things are fair in love and war and young people will find a way to quit the paths of singles blessedness. Mr. Alfred E. Anthony, a soldier boy in the employ of the power company and Mrs. Cora Mae Lackey of Weath-erford, Texas, were married Thursday morning at 3:50 o'clock at the Presbyterian manse. The young lady came in with some friends on the south bound Santa Fe, and the company were not long in disturbing the quiet of the preacher's home.

Mothers' Club.

The Mothers' Club had its regular monthly meeting in the school auditorium Wednesday afternoon at four o'clock. In spite of the weather there was a good attendance of the club members.

The program for the afternoon opened with a short concert by the Cam-Hi Orchestra which was enjoyed very much. Miss Mildred Chambers favored the club with a beautiful piano solo. A talk on "The Value of Nature Study" was then given by Miss Minnie Wolf.

After this the meeting was turned into a business meeting. A motion was made and carried that the name of the organization be changed from the Mothers' Club to the Cameron Parent-Teachers Association and that dues be sent out immediately to the National and State Associations for membership.

This was the regular meeting for the election of officers and the following women will serve as officers for the ensuing year:

Mrs. E. A. Wallace, President.

Miss Minnie Wolf, first vice president.

Mrs. Howard Baskin, second vice president.

Mrs. W. T. Hefley, Secretary.

Mrs. J. G. Vest, Treasurer.

Red Cross Notes.

The Milam County Chapter A. R. C. last week shipped a large box of sweaters and socks. This week a box containing 100 refugee garments was sent to headquarters.

The Chapter has received a new quota of refugee garments and the Cameron women are invited to come to the sewing room and help make these.

James L. Smith.

James La Mont Smith died at the home of his parents in Minerva, Tuesday morning at ten o'clock.

This young man was the son of Mr. Smith, principal of the Minerva school and had been sick some time. He was only 21 years of age. The funeral service took place at the Methodist church in Minerva and was conducted by Rev. B. B. Blaylock of the Cameron Baptist church. Interment was made at the Minerva cemetery.

The Herald extends sympathy to the bereaved family.

A Dinner Party.

Dr. and Mrs. T. J. Denson complimented Mr. Vernon Dalhart with a six o'clock dinner last Friday evening. A basket of red verbenas formed the centerpiece and the plate and glass doilies were of red and white. A delicious chicken dinner was served by Misses Mary Sue and Dorothy Denson. Places were arranged at the table for: Dr. and Mrs. T. J. Denson, Miss Bowen of Dallas and Messrs Dalhart, Curry and W. L. Lutner.

MINERVA MINUTES

"No joy so deep but the sad tomorrow."

May prove its counterpart in sorrow.

Just as we were congratulating ourselves that sickness had departed from our community, and all was well, we were shocked with the sad news of the death of Mr. W. A. Robinson, one of our most popular citizens. Every advantage that love could command, was given him but at the Divine call, the veil of life was lifted and his soul passed into the great beyond, March 24, at 11:30 p. m.

The funeral services were held in the Methodist church where his personality seemed to mingle with the very walls of the building itself. The church was crowded to overflowing with friends and acquaintances from Minerva, Rockdale and Cameron to pay their last tribute of respect. The beautiful message on "Christian Hope" by Rev. H. R. McFadyen of Cameron and impressive prayer by Rev. R. O. Weir was a consolation to all who attended. The services were concluded at the cemetery by the Woodmen of the World of Pecan camp. The floral offering from friends, the Minerva school and Missionary Society were both numerous and lovely. Mr. Robinson's illness was of such short duration that our minds almost refuse to grasp the fact that his well known and active presence in business and church will be no more but we know that God holds the key to the great miracle of death and

"Just as He bore His cross alone,
You and I must bear ours too
But somewhere out of the darkness
His pity and love will shine through
So remember, that out of the shadows
And down life's rough road steep
He will take our hands and guide us
where
He gives his beloved sleep."

Mrs. J. S. Jacobs sends the message from Fort Worth, that the baby girl the stork left at the home of her daughter, Mrs. Carl Ferguson of that city, on March 23, was gratefully and thankfully received.

Miss Rector, the friend visiting Miss Aycock, returned to her home in Lott Friday.

The people seem to be alive with "good road ideas" judging from the many cars passing through Minerva enroute to Cameron's good roads meeting.

Mrs. Isaacs and children were shopping in Rockdale Friday.

ROAD BOND ELECTION NOTICE

State of Texas, County of Milam.

On this the 13th day of March, A. D. 1919, the Commissioners' Court of Milam county, Texas, being in regular session came on to be considered the petition of W. A. Bradley and 49 others praying that bonds be issued by Road District No. 23 of Milam county, Texas, in the sum of Twenty thousand (\$20,000) dollars bearing interest at the rate of 5 1/2 per cent per annum, maturing serially; that is, one bond in the sum of \$675.00 to mature each year from the date thereof for 29 years and one bond for \$425.00 to mature in 30 years from the date thereof, for the purpose of constructing, maintaining and operating macadamized, gravelled or paved roads and turn pikes or in aid thereof.

And it appearing to the court that said petition is signed by a majority of the resident property tax paying voters of said Road District No. 23, of Milam county, Texas, said Road District No. 23 having been established by order of the Commissioners' Court of Milam county, dated the 13th day of March, A. D. 1919, of record in book 6, page 507 of the minutes of the Commissioners' Court of Milam county, Texas, within the following metes and bounds, to-wit:

Beginning at the N. E. corner of the Gilbert Cribbs League in Milam county, Texas, for the N. E. corner of this, said corner being on the Brazos river, and being the S. E. corner of Levi Taylor Grant; thence S. 60 W. 5065 vrs. to the N. W. corner of this in the S. line of said Levi Taylor grant and the N. line of said Gilbert Cribbs grant; thence S. 30 E. 2400 vrs. to corner in the S. line of said Gilbert Cribbs League and the N. line of said Reuben Fisher league; thence N. 60 E. with said N. line of Fisher League and S. line of said Cribbs league 265 vrs. to corner. Thence S. 30 E. through the said Reuben Fisher League at 2500 vrs. crosses the S. line of said Fisher and the N. line of Byron Wickson league, at 2800 vrs. to corner on iron bridge crossing Big Pond creek; thence down said creek with its meanders to where the said creek crosses the E. line of J. E. Stewart tract being the N. W. corner of Mose Jordan tract; thence S. 20 E. with Mose Jordan W. line and J. E. Stewart E. line at 2380 vrs. passes Stewart's S. E. corner and Mose Jordan's S. W. corner at 2900 vrs. to corner in N. line of J. E. Stewart's 163 acres tract and S. line of R. Campbell's 50 acre tract; thence N. 60 E. 1200 vrs. to corner in Waco and Port Sullivan road, being the N. E. corner of said Stewart's 163 acre tract; thence with the said road in a southerly direction to the S. W. corner of H. C. Smith's 420 acre tract on James Walters grant; thence N. 60 E. with said Smith's S. line 4050 vrs. to the S. E. corner of this on the Brazos river; thence down the river with its meander to the beginning, containing 8370 acres of land, more or less, being 2259 acres of the Gilbert Cribbs grant; 2779 acres of the Reuben Fisher grant; 2400 acres of the Byron Wickson grant; and 932 acres of the James Walters grant in Milam county, Texas.

It is, therefore, considered and ordered by the court that an election be held in said Road District No. 23, of Milam county, Texas, on the 19th day of April, A. D. 1919, which is not less than 30 days from the date of this order to determine whether or not the bonds of said Road District No. 23 of Milam county, Texas, shall be issued in the amount of \$20,000, bearing 5 1/2 rate of interest and maturing serially, that is one bond in the sum of \$675.00 to mature each year for 29 years from the date thereof and one bond for \$425.00 to mature in 30 years from the date thereof; and whether or not a tax shall be levied upon the property of said Road District No. 23 of Milam county, Texas, subject to taxation for the purpose of paying interest on said bonds and to

provide a sinking fund for the redemption thereof at maturity.

Notice of said election shall be given by publication in a newspaper published in said county for four successive weeks before the day of said election, there being no newspaper published in said Road District No. 23, Milam county, Texas, and in addition thereto there shall be posted notices of such election at three public places in said Road District No. 23 of Milam county, Texas, for three successive weeks prior to said election.

Said election shall be held at Baileyville school house in said Road District No. 23, Milam county, Texas, and T. A. Ford is hereby appointed manager of said election.

Said election shall be held under the provision of Articles 627 to 641 inclusive of Chapter 2, Title 18, Revised Statutes of 1911, and as amended by Chapter 203, Acts of 1917, and only qualified voters who are property tax payers of Road District No. 23 of Milam county, Texas, shall be allowed to vote and all voters desiring to support the proposition to issue bonds shall have written or printed on their ballots the words:

"For the issuance of bonds and the levying of the tax in payment thereof."

And those opposed shall have written or printed on their ballots the words:

"Against the issuance of bonds and the levying of the tax in payment thereof."

The manner of holding said election shall be governed by the laws governing general elections in this State.

A copy of this order signed by the county judge of said county shall serve as a proper notice of said election and the county judge is directed to cause said notice to be published in a newspaper published in said Milam county for four successive weeks next preceding such elections, there being no newspaper published in said Road District No. 23, of Milam county, Texas, and cause to be posted a notice thereof at three public places in Road District No. 23 of Milam county, Texas, for three successive weeks prior to said election.

A true copy I certify,
W. G. GILLIS,
County Judge, Milam County, Texas.

ROAD BOND ELECTION NOTICE

State of Texas, County of Milam.

On this the 13th day of March, A. D. 1919, the Commissioners' Court of Milam county, Texas, being in regular session came on to be considered the petition of W. F. Smith and 15 others praying that bonds be issued by Road District No. 20, of Milam county, Texas, in the sum of \$15,000 bearing interest at the rate of 5 1/2 per cent per annum, maturing serially, that is one bond in the sum of \$750.00 to mature each year for 30 years from the date thereof for the purpose of constructing, maintaining and operating macadamized, gravelled or paved roads and turn pikes or in aid thereof.

And it appearing to the court that said petition is signed by a majority of the resident property tax paying voters of said Road District No. 20 of Milam county, Texas, said Road District No. 20 having been established by and order of the Commissioners' Court of Milam county, dated the 13th day of March, A. D. 1919, of record in book 6, page 504 of the minutes of the Commissioners' Court of Milam county, Texas, within the following metes and bounds to-wit:

W. corner of said 94 acre tract in the N. line of said V. A. Kubeca 123 acre tract; thence S. 60 W. with the N. line of said 123 acre tract to its N. W. corner. Thence S. 30 E. 1384 vrs. to the S. W. corner of said 123 acres; thence N. 60 E. with said S. line of said tract 300 vrs. to Big Pond Creek; thence with the meanders of said creek to the W. line of F. F. Reed 80 acre tract on the Punchard grant; thence with said Reeds W. line N. 30 W. 1070 vrs. to his N. W. corner. Thence N. 60 E. 561 vrs. to the place of beginning, containing 3049 1/2 acres, more or less, being 1640 acres on the W. L. Hannum grant and 1409 1/2 acres on the Wm. Punchard Grant.

It is, therefore, considered, and ordered by the court that an election be held in said Road District No. 20 of Milam county, Texas, on the 19th day of April, A. D. 1919, which is not less than 30 days from the date of this order to determine whether or not the bonds of said Road District No. 20 of Milam county, Texas, shall be issued in the amount of \$15,000 bearing 5 1/2 rate of interest and maturing serially; that is, one bond in the sum of \$500.00 to mature each year from the date thereof for 30 years; and whether or not a tax shall be levied upon the property of said Road District No. 20 of Milam county, Texas, subject to taxation for the purpose of paying interest on said bonds and to provide a sinking fund for the redemption thereof at maturity.

Notice of said election shall be given by publication in a newspaper published in said county for four successive weeks before the day of said election, there being no newspaper published in said Road District No. 20, Milam county, Texas, and in addition thereto there shall be posted notices of such election at three public places in said Road District No. 20 of Milam county, Texas, for three successive weeks prior to said election.

Said election shall be held at Goodwin School house in said Road District No. 20, Milam county, Texas, and J. B. Aycock is hereby appointed manager of said election.

Said election shall be held under the provisions of Articles 627 to 641, inclusive of Chapter 2, Title 18, Revised Statutes, 1911, and as amended by Chapter 203, Acts of 1917, and only qualified voters who are property tax payers of Road District No. 20 of Milam county, Texas, shall be allowed to vote and all voters desiring to support the proposition to issue bonds shall have written or printed on their ballots the words:

"For the issuance of bonds and the levying of the tax in payment thereof."

And those opposed shall have written or printed on their ballots the words:

"Against the issuance of bonds and the levying of the tax in payment thereof."

The manner of holding said election shall be governed by the laws governing general elections in this State.

A copy of this order signed by the county judge of said county shall serve as a proper notice of said election and the county judge is directed to cause said notice to be published in a newspaper published in said Milam County, for four successive weeks next preceding such election, there being no newspaper published in said Road District No. 20 of Milam county, Texas, and cause to be posted a notice thereof at three public places in Road District No. 20 of Milam county, Texas, for three successive weeks prior to said election.

Garden Party.

On Thursday of last week Mrs. Jennie T. Smith entertained with a garden party in honor of her niece, Miss Ruth Tucker.

Pot flowers, pear blossoms, peach blossoms and carnations gave a beautiful setting in the reception rooms. The dining room was decorated in violets and hollyhocks. Pansies formed an attractive center piece and a miniature fountain with a flower garden added further embellishment to the dining room. Punch was served throughout the evening. The favors given were cards on which were written the name of the honoree, the host-

ess and date of entertainment. Games, contests, strolls, and music formed the diversion of the evening.

The hostess was assisted in serving by Mrs. Hattie James, Misses Melba James and Ruth Kemp. About twelve guests participated on the occasion.

I am Sincere! Stop Calomel! I Guarantee Dodson's Liver Tone

Listen to me! Calomel sickens and you may lose a day's work. If bilious, constipated or headachy read my guarantee.

Every druggist in town—your druggist and everybody's druggist has noticed a great falling-off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle

costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe all the next day like violent calomel.

Thos. N. Herring, Manager

Cameron, Texas, April 3, 1919

We don't mind quitting one hour earlier in the afternoon, but this getting up one hour earlier in the morning is what gets our "goat."

Every man is honest on a full stomach, but an empty stomach is the first turn of the wheel of bolshevism. America can feed Europe; let's do it.

All our exchanges—not a single exception so far—approve the seventy-five million provision for road building. This looks good to us, and we believe the measure looks good to all Texas.

Volume 1, number 1 of the Lott Post has arrived at our desk and it presents a very neat and substantial appearance. O. R. Porterfield is on the editorial firing line and our brief acquaintance with him during his recent visit to Cameron as a delegate from the Lott good roads club last Thursday night, leads us to believe that he will make The Post one of Central Texas' best weeklies.

Cameron editors evidently didn't take well to the alliteration proposed by The Reporter two weeks ago. "Queenly Cameron" evidently didn't sound good to them. Until they suggest something better Rockdale will adopt the alliteration "Cousin Cameron"—pronounced with a "z," of course.—Rockdale Reporter.

"Queenly Cameron" is good Brother Cooke, but as Queens are somewhat out of date and a trifle too feminine for a big, husky, vigorous town like Cameron, we would prefer something more substantial. However, in the absence of something better, "Cuzun Cameron" will stand for the aforesaid "non de plume."

Senator Cummings of Iowa, in advocating the return of the railroads to private ownership, recently said: "It costs the government more to do any given thing in a country like ours, where every man is a sovereign, than it costs anybody else to do the same thing. The history of every enterprise of a business nature conducted by the government proves all and a great deal more than the statement I have just made. I disparage no one and impugn no man's integrity. What I have said is not only the truth but is as natural as life itself." What is no longer a war measure needs no longer to be considered as such, and here we end our comment.

Why not the ladies of Cameron be thoughtful enough of the working girls in the various stores to do their shop-

ping early in the day. It has been brought to our attention a number of times lately by young women in the city who support themselves, and in many instances support either a widowed mother or some other dear one by working, that a large number of the more fortunate women of the town make a practice of getting into the stores after six o'clock when the day has been drudgedly spent in toil. They invariably come to look and after an hours rumble through the shelves possibly not a single item is bought. The salesladies and working girls of Cameron are away above the average in intelligence and politeness. The Herald appeals to the other ladies, do your shopping early in the day—all that you can before noon.

Government Railroads.

Cameron Herald: If you want to see how Government ownership or control of public industries operates, compare the railway service of Europe with that of this country; or the war time measure of the past year or so in America. We look upon the system as fraught with danger to the people's interest. It is paternalism in its worst form, and therefore repugnant to every free-born American.

Before the war we used to have flattering accounts of Government ownership of railroads in Europe. Our tourists used to go abroad, ride on the de luxe trains, including the "international express," and come home favorably inclined toward the European method. They didn't know much about it or learn much about it. Our boys who have soldiered over there have had to ride the dinky little accommodation trains, such as the ante-bellum tourists didn't get many glimpses of. Of course, war times are abnormal times, but it will take tall talking to make a young American who has had first-hand experience with French Italian or other continental European railways believe that even in the piping times of peace are these transportation lines conducted with the serviceable excellence that characterized our privately owned roads prior to the governmental regime. Governments are good at some things and bad at some others. Running a com-

plicated railroad business is one of the things our own government has not excelled in. Some times it looks like a case of no authority. It is not too much to say, in short, that if the Government hadn't violated its own anti-railroad laws the railroad service by this time would have looked like a three-wheeled stage in a sand-storm.—State Press, Dallas News.

Professors In Courtship.

The Cameron High School Weekly, as printed in the Cameron Herald says:

The chapel speaker rose to speak, cleared his throat and stopped. At last he spoke. "There's a girl in the back of the room holding another girl's hand. When she gets through I'll begin."

Of course, it sounded funny to the schoolhouse audience. Nearly anything sounds funny to a lot of healthy boys and girls, especially if the fun is to be had at the expense of the teacher. But the professor who unwittingly promised to begin holding the girl's hand would have made a poor out at it, if he had tried. Professors, after they have been professors a while are inexpert at courtship. A professor, seasoned in his profession, loses the capacity for small talk, and in courtship small talk is about the only kind of talk there is. Instead of reaching over and grabbing the girl's hand, as a regular courting man might do, the professor would peer at it over his spectacles as it rested innocently in her lap and remark, with dignity, that if "You have no objection, I would be pleased to grasp and retain for a season one of your manual extremities." Of course, she wouldn't hand her hand to him on such an invitation. No girl does that. Her hand has to be picked up impulsively and firmly and covered with the second hand of the party of the first part. He must smuggle her hand between his two, as if it were a slice of ham in a sandwich. We sometimes read of staid and middle-aged professors doing the most extraordinary things in the way of courtship and marriage. They seem suddenly to realize that they are single and marriageable, therefore, they go about matrimony as they would undertake a laboratory demonstration.

"No Beer, No Work"—He Never Worked and He Never Will.

In the drab days before the A. E. F., I used to work in the Wall Street district. Day in and day out as I passed a certain store of Nassau street I would encounter the same seedy, stoop-shouldered individual lounging in the doorway or standing on the curb in front of the store. He was tall and thin as George Crutch, unshaven, collarless, and busted out at knee, elbows and toes. In winter he wore a faded overcoat, worn to a frazzell and fastened at the neck with a safety pin. Once in a great while he would get a job for a day holding a sign advertising a sale in the stationery store. But generally he chewed tobacco, watching the hurrying crowds with a placid, watery eye, and just loafed.

The other day when I received my release from the navy I went around to see my former boss. As I passed the stationery store, there was Old Faithful still on his station, looking just the same as he did twenty months ago. But not exactly the same, either. There was something bright and fresh on his shabby overcoat. When I came nearer, I saw it was a shiny celluloid button, and the legend on it was:

Good Roads And Markets.

The Office of Public Roads of the United States Department of Agriculture gives the following instance as occurring at Crosby, Texas:

"At Crosby, Texas, a shell road was built for one mile out of town. A farmer four miles out came to town with a team of two mules and loaded on his wagon at the railroad station two tons of wire fencing. At the end of the improved shell road, on his return, the farmer was compelled to throw off 3,000 pounds of wire. He then hitched two additional mules to haul 1,000 pounds on the remaining three miles of unimproved road. This man then had to make three more trips for the remaining 3,000 pounds of wire, and it required his time for the four miles from ten o'clock one morning until eleven o'clock the next morning to finish the hauling. If the improved road had extended four miles to the farm, the original team of two mules could have hauled the two tons of wire in two and one-half hours."

In the South the average haul of cotton from farm to shipping point is 11.8 miles and the average load is about 1,700 pounds, or a little more than three bales. The average cost of haul is 80 cents per bale and \$3 per

ton for seed, or from 25 cents to 30 cents per ton mile. The haulage cost (from farm to shipping point) of the 1911 crop, cotton and seed, according to the United States Department of Agriculture, was \$37,375,634. The farmers who grew the cotton paid this sum out of such profits as the 1911 crop brought them, and as the average price of cotton that year was but 8 8-10 cents per pound, it will be seen that the profit was small and that the farmers could not well spare this charge upon it. If the farmers had to pay this charge in money instead of work, very few farming communities would be without a good road; they would vote for whatever bond issues were necessary to lift their farming operations out of the mud.

Texas can add to its agricultural prosperity by building better roads.

Tuesday afternoon at 4 o'clock the R. A. R. met with their regent, Mrs. W. G. Gillis.

The report of the years' work was read by the regent. After which the election of officers for the new year took place and the following were elected:

Mrs. B. J. Baskin, Regent.
Mrs. Pearl Clement, Registrar.
Mrs. Sharlie Acree, Recording Secretary.

Mrs. Robert McLane, Treasurer.

Cattle Dipping.
Friday, April 4th, will be the first regular dipping day for Cameron. All cattle must be brought to the vat and dipped under the supervision of an inspector. The inspector will be at the vat by sunrise. The dippings will be repeated every fourteen days until the ticks are eradicated. If all your cattle are dipped regularly the ticks will be destroyed in six months if a dipping is missed it may mean another years work.

Announcement.

Last week the boys wrote the material of the Cam-Hi News. Of course there was some just criticism, but the edition as a whole was good. This week the girls gathered all material and did good work. We leave it to the reader to judge which is the best edition.

Next week is "free for all." All articles written by any member of the high school for this paper will be greatly appreciated.

Representative From U. S. Treasury Department Visits School.

Last Thursday the school was visited by Mr. McLane, representing the U. S. Treasury Department. He made a talk before the student body, in which he urged the students to buy Thrift and War Savings Stamps, and to influence others to do so. In his praises of the loyalty of the citizens of Cameron, he mentioned the fact that on the previous day one Cam-Hi boy had sold \$1000 worth of War Savings Stamps.

We are glad to note that L. J. Epperson is rapidly improving. We shall be glad to have him among us again soon.

Beginning of Last School Term.

Monday was the beginning of the new term. It was also the beginning of the last term for this session of school. May not this final term be compared with the last heat of a great race? For seven months the students have been striving for a goal, and yet some of them shall not reach it. Some will win first place, and their success shall be crowned with honors and reward. All cannot be first, but even those that are last shall be praised for their honest efforts, since "It is not failures but low aim that is a crime." Some will be attracted by things outside of the race, and will fall by the wayside. These, however, may enter the contest and yet be successful. In these last days of the school as in the last heat of the race, may each student strive with every effort to be among the first to reach the line of victory.

May the victors in this contest not be satisfied with having won a single race but may they also be more eager to enter higher contests, and develop the spirit that belongs to the modern man or woman in the race of civilization and in the culture of the world.

R. A. M.

Lou Peel hasn't discovered the girl yet, but he is already worrying about how he is going to propose to her when he does, "war and matrimony," says he, "require preparedness." He has written a dozen tentative sentences wherewith to introduce the subject. We call a few of these mere suggestions. He imagines himself starting the conversation with one of these phrases:

"You look very nice across the table."

"I think cooking like yours would keep me in a good humor always."

"Do you object to smoking around the house? I don't smoke."

"The high cost of living isn't so high after all, is it?"

"Do you mind beginning to look like me?"

"I suppose, like all girls, you intend to remain an old maid?"

"Do your clothes hook up the back?"

"Yes, I know that I dance like a camel, but it is because life was a desert to me until this evening."

Girls Relation to Cam-Hi.

In the high school, the greatest feature is the feminine portion. The greatest percentage of students in each class is girls. If there were not women in such institutions as universities and colleges, where would they stand? We may narrow this down, to girls and their relation to high school. What would our schools be if there were no leaders in them? There has to be a leader in everything. We see the women leading in great political questions in our state affairs today, so why should we not have the mature woman, or girls as leaders of our high school?

We may take for instance, Cameron High School. In this school there are many more girls than boy students. Why is that? The girls have the "grit" in them to go on through high school to the end, showing fine records and a diploma. It cannot be said that no boys do this, but the greatest number of these records are made by girls. And in two thirds of the cases where boys stop in the middle of their high school career, it is because they haven't enough "get up" and "stickability" in them to go on through.

In the athletic affairs of Cam-Hi, we see the girls taking a great part. In basket ball, base ball, and up until this year, tennis, the girls have always done great work. If ever a display of "pep" is wanted, the girls are called on. In music, we do not see any great accomplishment in Cam-Hi among the boys. The greatest musicians of Cam-Hi are girls. Among the grades made in high school, over two-thirds of the grades above 90 are made by the girls. This shows, not who has the brains, but who uses his brains.

Are not the girls the most important of our committee members? Is not the president of our student council a girl? Is not the assistant editor of our newspaper a girl? Are there not many girls on the annual staff boosting our annual to a finish? Why is this? Because the girls are leaders in Cam-Hi, and if one looks around, he cannot help seeing this.

More About Athletic Field.

We are glad to report that the committee appointed by the Cameron Commercial Club several weeks ago, has secured for the school an athletic field for the remainder of the year. The location is the lot belonging to Mr. A. N. Weems, and is the old gridiron field. This is the best possible location that could have been secured, and the high school students greatly appreciate the aid rendered by the Commercial Club.

Weekly Explosions.

Furthermore we believe that if our "pep" continues, we can easily build a grandstand on our athletic field which the Cameron Commercial Club has secured for us.

It is our idea that our teachers are

very fond of us. They give exams that no one could pass, in order to keep us with them in Cam-Hi as long as possible.

Some one has said that we will have no foot ball team next year. The exams have removed that danger. We will probably have our old line-up.

Mrs. Solomon says that she is going to move to Thorndale because the people there are so hospitable. She found this out when she went there to the county meet last Friday.

The Cam-Hi widow's latest proposal was from a Freshman. She did not accept because he is too young to take her to see "Mr. Bob."

Mildred—"Tell us something of Captain Crawford's military company. Crip—"Well, we stormed Buzzard roost several months ago, and won a splendid victory. We are now in winter quarters preparing for a spring drive on watermelon patches."

"Aren't you ready," called L. J. from down stairs.

"As soon as I fix my hair," she replied.

"For gracious sakes," came from L. J. an hour later, "haven't you fixed your hair yet?"

"Fixed it!" shouted Harriet, "I haven't even found it yet."

Announcements.

Interesting sprints at the Prominent, among us.

The announcement that Miss Minnie Yoe has signed a contract for 1920 with the ballet of the "Ziegfield Follies" is at last ready for publication.

We take this occasion to announce the arrival of a freckle on the heretofore unblemished physiognomy of Mildred Favors.

Miss Grace Mangum states that she is now ready to receive any and all proposals. Only the handsome, blonde and cleanly need apply.

Miss Rosa Dailey is deploring the arrival of an "A" on last quarters' card.

History of the Cameron High School.

Long before public schools were begun in our city, a "private pay" school was founded here by Professor W. B. Streetman. The location of the log school house was at the present site of the Herald office. It is said that the teacher was very, very strict—even stricter than the ones old Cam-Hi now knows. The poor pupils attended school from 8 o'clock in the morning to 5 in the afternoon, for ten months every year. They were taught the "3 r's" spelling and the dictionary. On Friday afternoons there were spelling matches and on another afternoon each week there was a "multiplication table" match. There were only hard benches to sit on.

After the civil war the school was changed to the Masonic Hall and the Baptist church, which were in the same building. It is said that Cameron's first piano was here. In an interview with Mrs. Yoe, she said: "We were often very much frightened when we saw a man standing in the door of the Masonic Hall with a sword." Furthermore she stated that Mr. Krause was the first real musician. He taught violin, piano and dancing. His chief musicians were Miss Floretta Streetman (Mrs. Hicklin) and Mrs. Tarver. Other early

teachers were Mr. L. J. Smith, father of Miss J. M. Ralston, J. C. Oxenford, father of Miss Victoria Oxenford, Prof. Wilson and Mrs. Lee Faulkner.

The school did not continue long in the Masonic building for soon the "Milam Liberal Institute" was established on the present school lot. The "Academy" as it was called, was quite popular on account of the desks. Prof. Streetman taught here too.

In April of 1891 a new building made of brick, was in the course of construction, when it was destroyed by fire. However, it was rebuilt in July of that year. This was Cameron's first public school. The prominent teachers of that time were Profs. Smith, Ragsdale, Cochran, O'Shea and Simms, who was superintendent for a number of years until his death in 1907.

Mr. Watts was our superintendent from that time until last year, when he moved to Taylor. During his administration the school grew rapidly. Athletics was introduced, publications were begun, the music department expanded, and the addition of the auditorium and the high school class rooms was made. We all love Mr. Watts sincerely, as do all of the people out of school. He was always cheerful, courteous and encouraging to us. Miss Ada Henderson has been in Cameron for quite a number of years, and starts off on the right path, though some did not stay on it. We all love her and honor her highly. Other teachers to be remembered here are Mrs. Gillis, (Miss Lula Chambers,) Mr. Boggs, Mr. King, Miss Perlitz, Miss Cooper and Miss Julia Williams.

In 1918 Mr. Kidd became our superintendent. This year has been quite successful. The improvements may be seen everywhere, in our athletics, in the orchestra, in class spirit and in the intelligence in the school in general.

A Boy's Greatest Fault.

Yes, I suppose I'm lazy, but that ain't my fault. Everybody says my ancestors, whatever they are, had the reputation of being the laziest folks in the country, and somehow or 'nother, nobody never tried to take it away from 'em. Jest 'cause I don't study ain't no sign I'm lazy now. It's 'cause I don't feel like it.

I know what I'm gonna do. I aint never goin' nowhere nor read nothing never, 'cause ever where I go somebody goes to tellin' 'bout a lazy boy who goes fishin' to get out of work, and then ever' body goes to looking at me. Then ever' time I start to readin' it goes an' tells 'bout a good little boy who aint lazy a'tall, an' just does ev'rythin' his maw tells him to. I aint strong enough to bring in wood 'cause my backs weak. 'N just 'cause I go fishin' instead o' beating carpets aint no sign I'm lazy, 'cause a body needs a little recreation once 'n a while.

Mama thinks I ought to work all the time anyhow. But she'll be sorry she treated me like that when I'm dead an' gone. Then my ghost'll come walkin' 'round at night an' a hauntin' her an' she'll be sorry, she will, that she didn't treat me better, and thought I's lazy when I aint.

Congressman Rufus Hardy Speaks at Court House.

Last Wednesday news was received that Hon. Rufus Hardy, our Representative in the House of Representatives, would speak at the Court House at 3 p. m., on the subject of "The League of Nations." The school was dismissed at that time, in order that the teachers, as well as the students might receive the benefit of a discussion on this important question.

An account of the county track meet which was held at Thorndale on March 28th, will appear in the next edition of the Cam-Hi Weekly.

Recital at the School Auditorium.

Last Friday evening a recital was given at the school house by Mr. Vernon Dalhart, a noted Texas tenor.

NOTICE OF ELECTION

The State of Texas,
County of Milam.

On this, the first day of April, A. D. 1919, this court being in special session, came on to be considered the petition of Thos. V. Adams and one hundred and three other persons praying that bonds be issued by Road District No. Eight (8) of Milam County, Texas, in the sum of one hundred and fifteen thousand dollars (\$115,000.00), bearing interest at the rate of five and one half per cent per annum, bonds to be numbered from one to two hundred and thirty, each to be in the sum of five hundred dollars (\$500.00), numbers one to seven to be retired one year from date thereof, and seven of said bonds to be serially retired annually thereafter until one hundred and forty of said bonds shall have been retired, and thereafter nine of said bonds to be retired annually, for the purpose of constructing, maintaining and operating macadamized, graveled or paved roads and turnpikes, or in aid thereof, and whether or not a tax shall be levied upon the property of said Road District No. Eight of Milam County, Texas, subject to taxation for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity.

And it appearing to the court that said petition is signed by more than fifty of the resident property taxpaying voters of said Road District Number Eight of Milam County, Texas, said Road District Number Eight having been established by an order of the Commissioners Court of Milam County, Texas, dated the first day of April, A. D. 1919, of record in volume 6, page 526 of the minutes of the Commissioners Court of Milam County, Texas, within the following metes and bounds, to-wit:

Beginning at the southwest corner of the James Hall league, on Little River, for the southeast corner of this survey; thence north 19 east, with the west boundary line of said league passing the northwest corner of same and continuing in same direction to Big Elm creek, or distance of 15,800 varas;

Thence up the meanders of said creek to where it intersects the Milam and Bell county line, which is on a base line from second corner of north 31 west 6125 varas;

Thence south 60 west, with said boundary line, crossing the Gulf, Colorado and Santa Fe Railway at 10,560 varas, and continuing with said county line 170 varas to point where said line intersects Mrs. Alex Rogers' east line;

Thence south 19 west with said Mrs. Rogers' east line 550 varas to Will McAllister's northwest corner, in old Cameron and Belton public road;

Thence south 71 east, with said road, 1365 varas to Hugh Wear's northeast corner and Nordhausen's northwest corner;

Thence south 19 west 3707 varas to the southwest corner of what is known as tract Number Seven of the Hefley subdivision of lands on the J. D. Sanchez survey, conveyed by W. T. and Mary E. Hefley to C. L. Gibson, said corner being in public road;

Thence north 71 west, 50 varas to northwest corner of lot number six of said Hefley subdivision, conveyed by said Hefley's to T. S. Thompson;

Thence south 19 west, 640 varas with Thompson's west line to his southwest corner, and continuing same course with east line of Alex Rae's tract, 1028½ varas, to the southeast corner of said Rae tract;

Thence north 71 west, with the south line of said Rae tract, and the north line of B. Russell's tract to Rae's southwest corner, and Russell's northwest corner 618 varas;

Thence south 19 west, with said Russell's west line to Little River, 2500 varas;

Thence with the meanders of said river to the place of beginning, containing 33,054 acres of land. All of the land embraced within said field notes being out of the J. A. DePena 11 league grant, in said county of Milam.

It is therefore considered and ordered by the court, that an election be held in said Road District Number Eight of Milam County, Texas, at Buckholts, in said Road District, on the third day of May, A. D. 1919, which is not less than thirty days from the date of this order, to determine whether or not the bonds of said Road District Number Eight of Milam County, Texas, shall be issued in the amount of one hundred and fifteen thousand dollars, (\$115,000.00), bearing interest at rate of five and one half per centum per annum, bonds to be numbered from one to two hundred and thirty, each for the sum of five hundred dollars, numbers one to seven to be retired one year from the date thereof, and seven of said bonds to be serially retired annually thereafter, until one hundred and forty of said bonds shall have been retired, and thereafter nine of said bonds to be retired annually, and whether or not a tax shall be levied upon the property of Road District Number Eight of Milam County, Texas, subject to taxation, for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity.

Notice of said election shall be given by publication in a newspaper published in said county for four consecutive weeks before the date of said election, and in addition thereto, there shall be posted notices of such election at three public places in said Road District Number Eight of Milam County, Texas, for three weeks prior to said election.

Said election shall be held at the school house in Buckholts, in said Road District Number Eight of Milam County, Texas, and Thos. V. Adams is hereby appointed manager of said election.

Said election shall be held under the provisions of Articles 627 to 641, inclusive, of chapter 2, title 18, Revised Statutes, 1911, and as amended by Chapter 203, acts of 1917, and only qualified voters who are property tax payers of said Road District Number Eight of Milam County Texas, shall be allowed to vote, and all voters desiring to support the proposition to issue bonds shall have written or printed on their ballots the words:

"For the issuance of bonds and the

levying of the tax in payment thereof."

And those opposed shall have written or printed on their ballots the words:

"Against the issuance of bonds and the levying of the tax in payment thereof."

The manner of holding said election shall be governed by the laws governing general elections in this state.

A copy of this order, signed by the County Judge of said county, shall serve as a proper notice of said election, and the county judge is directed to cause said notice to be published in a newspaper in said county for four successive weeks preceding such election, and cause to be posted a notice thereof at three public places in said Road District Number Eight of Milam County, Texas, for three weeks prior to said election.

A true copy I certify,

W. G. GILLIS,
County Judge, Milam County, Texas.

SAN GABRIEL GOSSIP

April 1st.—This writing finds us listed with the "April Fools," so as fate has decreed, we take our place and perform our duty in presenting the little budget of news though it weighs rather light this week.

Our school was suspended for last Friday and a large part of the school accepted the opportunity of attending the Interscholastic school meet in Thorndale that day. Many attended the declamation exercises Friday evening in Thorndale. Our village school was represented in this. Freeman Gamble won first place in the senior boys contest. Little Miss Inez Goff got first in the contest of junior girls, while Miss Virgel Foster of San Gabriel won second place in senior girls contest and Hope Camp, Jr., won second place for junior boys. We feel proud of our record thus far.

Since our last communication we've had a bountiful supply of rain. Saturday and Sunday were both rainy days and now the world smiles with its carpets of beautiful, variegated green, so refreshed by showers and dews. San Gabriel river is on a small rise.

W. A. J. Dunham returned last week from Waco where he attended the Baptist convention.

F. M. Amason and wife with Mrs. J. T. Woody and daughter, Miss Kate, motored to Thorndale Friday and witnessed the exercises for the day.

Prof. C. A. Nichols spent a brief few minutes after the close of the school in Thorndale Thursday last. Miss Annie May Camp who is a student in Whites College of Austin, spent last week-end at home.

Misses Zora and Esther Bailey were shopping in Thorndale Saturday.

Members of San Gabriel Baptist church missed the presence of their pastor, Rev. M. A. Darby of Thorndale, who could not fill his appointment here Sunday on account of sickness.

Henry Camp and son, Le Tellier, Ed Kirkman, Harry Clark, Leonard Locklin, Roland Lawson, Mr. and Mrs. Virgel Winford and children, Bud Guthrie were trading in Thorndale Saturday.

Miss Ina Barclay motored to Cameron Saturday.

John Goff and wife and Miss Lottye Banzhaf were buying in Thorndale Thursday afternoon.

A dipping vat for the dipping of stock is being built on the Walter Felton farm a couple of miles west of San Gabriel. The work progressed every nicely the first of this week as numbers of nearby farmers and hands put in a day in assistance while fields are too wet for plowing.

Messrs Henry and Joe Yeager now drive a new Ford, bought one day last week.

Milton Perry of Eddy spent last Thursday and Friday here, with his sister, Mrs. Walter Felton.

J. D. Griffith and family, Tom Felton, Jr., Elbert Felton and family, Will Maddox and family, E. M. Perry, John Young, Ed Case, A. Y. Norman, Walter Felton and wife were present at the tract meet in Thorndale Friday.

J. S. Woody and son Harry and little daughter, Ira V., spent Saturday in Taylor.

Mrs. Pickett and daughter, Edna, left last Thursday for their future home in Kansas.

Mrs. Matt Lawson and daughter, Miss Hazel, were trading in Thorndale Saturday.

Mr. and Mrs. Bert Camp of Thorndale were on the Gabriel Monday.

Tom Johnson spent Saturday in Cameron.

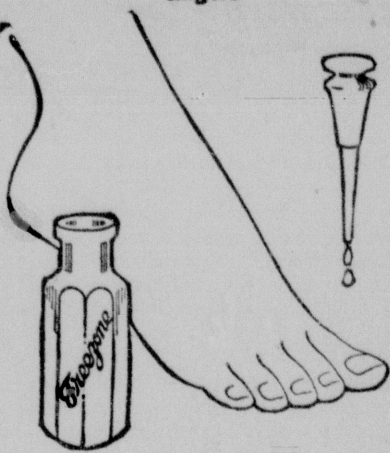

We are glad to report the babe of Mr. and Mrs. Leonard Locklin much better.

Mrs. Ethel Berry was shopping in Thorndale Saturday.

Misses Gladys Adams, Thelma Clark, Fay Johnson and Mrs. Nettie

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic!

A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without coreness or irritation.

Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.

Moseley were looking over millinery goods in Thorndale Saturday.

San Gabriel Odd Fellows and Rebekahs enjoyed a big oyster supper given by the village I. O. O. F. Lodge Monday night.

LEMONS MAKE SKIN WHITE, SOFT, CLEAR

Make this beauty lotion for a few cents and see for yourself.

What girl or woman hasn't heard of lemon juice to remove complexion blemishes; to whiten the skin and to bring out the roses, the freshness and the hidden beauty? But lemon juice alone is acid, therefore irritating, and should be mixed with orchard white this way. Strain through a fine cloth the juice of two fresh lemons into a bottle containing about three ounces of orchard white, then shake well and you have a whole quarter pint of skin and complexion lotion about the cost one usually pays for a small jar of ordinary cold cream. Be sure to strain the lemon juice so no pulp gets into the bottle, then this lotion will remain pure and fresh for months. When applied daily to the face, neck, arms and hands it should help to bleach clear, smoothen and beautify the skin.

Any druggist will supply three ounces of orchard white at very little cost and the grocer has the lemons.

Willard STORAGE BATTERY SERVICE STATION

"IT WAS O. K."

Some day you may be saying that about your battery.

Of course you'll believe it.

Yet your battery may have been getting nearer and nearer to the failing point every day on account of trouble that you could have headed off weeks ago if you had only known.

You may have let the water get low.

You may have used more current than has been replaced.

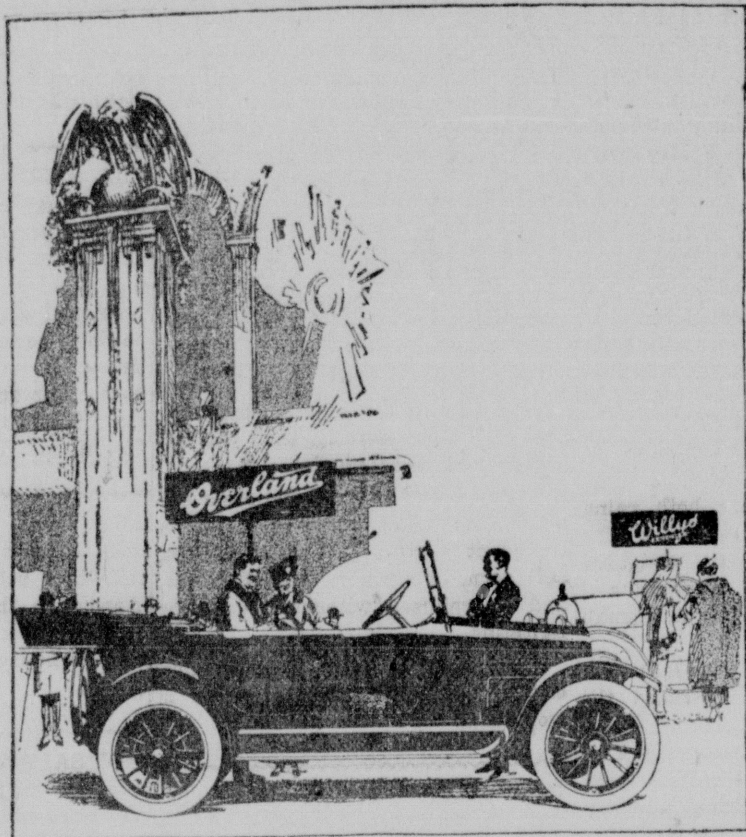

You may have let a connection work loose. . . But whatever you did, the weakness would have been uncovered by an inspection and a simple hydrometer test.

If you haven't a hydrometer and have never inspected your battery or made a test, come in

Willys-Overland

Owners Are Better Guides than Specifications

Public appreciation is the most potent factor influencing the demand for Overland cars today. The confidence buyers have when ordering new Overland cars is the result of the esteem of 600,000 owners. This condition has its source in our original policy of placing owner-respect above all other considerations. This policy, to which we have adhered for ten years, has built the vast Willys-Overland factories occupying more than 120 acres. While our factories were giving precedent to war work we were enabled to devote painstaking, deliberate study and planning to the cars we now are marketing. We are in an even better position today to merit that public appreciation, on which the prestige of Overland and Willys-Knight cars is built.

Teachers' Examinations.

There will be five county examinations for teachers' certificates this year as follows:

June 6th and 7th.
September 5th and 6th.
October 3rd and 4th.
December 5th and 6th.

All examinations previous to July will be based on the 1918 course of study but the examinations subsequent to July will be based on the 1919 course of study, or the recently adopted books.

The April examinations will be held at Cameron and in the court house, beginning at 8:30 a. m. on April 4th.

Schedule

Friday forenoon—Physical geography, psychology, composition, arithmetic literature, solid geometry.

Friday afternoon—Texas History, grammar, descriptive geography, plane geometry, psychology, bookkeeping.

Saturday forenoon—Spelling, methods and management, civics, reading, chemistry, history of education.

Saturday afternoon—United States history, general history, agriculture,

algebra, physics, plane trigonometry.

Each applicant will be required to pay two dollars the regular fee for taking the examinations. The board of examiners will furnish uniform examination paper to applicants at cost; but applicants must have all necessary pens, ink, blotters, etc.

SALARIES INCREASED

Is your school out? You ought to double your present salary before school opens in the fall. You can earn that increased salary not only while school is open, but during the entire spring summer, fall and winter. Therefore, you will draw twenty-five to fifty per cent more salary during a year than you would at the same rate teaching only during the school terms and spending your savings after school is out.

The door to the world of business is open. Everywhere help is needed and excellent pay is offered. Business is going forward at a rapid rate. There is an unlimited demand for properly trained commercial help. Teachers can qualify for more agreeable posi-

tions with a better salary. The same qualifications that make a successful teacher will help you to succeed in business where the opportunities are greater. The fact that you are well grounded in English and Mathematics will make it easy to fit yourself for the higher salaried positions. Take advantage of this opportunity by getting our Commercial Training. In three months you will be ready to accept one of the many good positions that await you.

What you can do in business, you can do as well in civil service. Your ambition to travel to see the capitol, Washington, D. C. is early achieved. Uncle Sam offers good salaries to beginners who are properly trained. Our graduates are successful in this work. Many enter school with civil service in view; many decide upon it after they are in school, and large numbers of our former students have changed their business positions for Government Positions.

Your education and experience will both be helpful in preparing for the Civil Service examinations that you must pass to be appointed to a posi-

tion as Bookkeeper, Stenographer or clerk. These examinations are not difficult for any one who has completed our Civil Service Course. Both men and women appointed and beginning salaries are now \$1,000 to \$1,200 a year, with permanent employment at Washington or in one of the Government offices throughout the country.

There is also an increasing demand for commercial teachers in high school and business schools. The position of commercial teacher is more pleasant than work in the grades. The work is also easier because the students are older, have fixed purposes in their studies, and the matter of discipline becomes a minor one. You can earn more than your present salary without entering an entirely new field.

PUBLICITY

IN THE VICINITY OF VLADIVOSTOK

Showing an American Y. M. C. A. man distributing bars of chocolate to Czechoslovak soldiers in Siberia. The Y. M. C. A. gave chocolate, cigarettes, etc., to the men on the extreme front lines and sold them elsewhere. Writing paper, pens, ink, moving pictures, concerts, etc., were always free to the men. Because of the very heavy expense incident to shipping all kinds of supplies overseas and then hauling them to the front, the Y. M. C. A., ordered by the war department to charge cost plus transportation, was in some cases forced to charge the soldiers more than the same goods would have cost them in the United States, with the result that the organization has been severely criticized. In view of this criticism, the army officials finally came to the Y. M. C. A.'s rescue, with the result that the boys overseas are now buying canteen supplies in many cases much cheaper than they can be bought in the United States.

"GOODIES" FOR ITALY'S FIGHTERS

The above picture was taken in Italy and shows a Y. M. C. A. camion loaded with good things for the soldiers. The driver has just taken his seat and is receiving final instructions before starting out on his tour of distribution. The transportation problem was one of the greatest with which the "Y" had to deal. At one time, for instance, the organization sent a shipment of an even hundred autotrucks to France, but on their arrival eighty-five of them were commandeered by the army. Men, food and munitions were more important to Uncle Sam than cigarettes, chocolate and chewing gum, and as a result many a "doughboy" was deprived of his "makin's." Those were the days when most anybody, especially if that somebody happened to be a "Yank" at the front, would admit that Sherman was absolutely right.

"MOVING DAY" ON ITALIAN FRONT

The photo above, one of the latest from the Italian front, shows a number of Y. M. C. A. workers and soldiers taking the makings of a "Y" but to an isolated army post so that it can be put up. It gives an illuminating idea of some of the difficulties incident to war work.

KEEP FIT FOR HOME SLOGAN OVERSEAS

Pershing Issues Order Designating
Y. M. C. A. to Supervise
Athletics.

Paris.—General Pershing's position regarding the Y. M. C. A.'s management of athletic activities in the American expeditionary forces is set forth in the following army order:

"The Y. M. C. A., with the approval of the commander in chief, has organized a department of athletics and is prepared to give every assistance in the development of general athletics and the arrangement and management of competitions between military units.

"It has a large number of specially trained physical directors in mass play and other athletic activities now in its ranks in France. One of these will be attached to the staff of each division and separate unit, and will be designated in orders as the divisional (or unit) athletic director, and under supervision of the division athletic officer will be charged with the responsibility for the arrangement, management and general conduct of

athletic activities throughout the unit."

In another section of the order, provision is made for mass athletics and competitions for every possible man, an all-point company athletic championship and official A. E. F. championships in a wide variety of sports.

"Keep Fit for Home" is now the slogan. If the period of demobilization is not to be, as Doctor Mott has put it, "a period of demoralization" for many men, attractive, constructive physical activities must immediately be substituted. To a certain degree a continuation of military drill will meet the situation, but the games and play, informal and competitive, will be found the best agency to meet the call for physical well-being.

There will be physical expression of some sort, particularly during the leisure time of the soldier. Shall it be destructive, disorderly and dull—or constructive, orderly and interesting?

The army has decided for the latter. It has adopted a program maintaining a wise balance between the amount of drill necessary to maintain military efficiency and discipline and the amount of play necessary to keep men physically stimulated, and so the responsibility for the play side of this program for the 2,000,000 men in France is placed upon Y. M. C. A. athletic directors, experts in their profession.

VOLUME 41 CAMERON, MILA M COUNTY, TEXAS, THURSDAY, APRIL 3, 1919 NUMBER 48

CONGRESSMAN HARDY DELIVERS ADDRESS

Has Overflowing House To Hear "League Of Nations" Discussed In Cameron.

A large and enthusiastic crowd of people heard Congressman Rufus Hardy's address on the League of Nations Wednesday afternoon, March 26 at the court house.

Judge John Watson introduced the speaker and in a few choice words told of Judge Hardy's career, emphasizing the part he was playing in the spread of the League of Nations propaganda.

Mr. Hardy read and discussed the articles of the league now under discussion around the peace table in France, stressing those points that are being criticised by the enemies of the League of Nations. Their motto is Wait—Wait until peace and then form the league. But why wait, says Hardy, when fourteen nations have agreed upon it. Why wait when the world is crying for it? Why wait when no good can be accomplished by waiting, except perhaps soothing the minds of these senators?

Objections are raised because the United States will have only one vote in the executive council. Every other nation has one vote, why should she have more. The objectors are afraid that the other members might combine against America. But who has America to fear? Who at the peace table is not her friend? If we were England we might have cause for suspicion, and if England can trust, why should we fear?

If the articles dealing with the armies and navies of the world are knocked out if would mean to go back to the old competitive system of who could have the biggest. Think of the money required to keep up an army and think how disarmament would do away with all this drain on the peoples of the earth. Right here the principle of how much of our pride are we willing to sacrifice for the good of the country.

The back bone, the substance of all that is in the world peace is found in Article 10, Judge Hardy says. This deals with the prohibiting of an aggression by one nation on another. Article 11 is classed with this and promises protection to the nation that is besieged.

There are three possibilities for a nation: First, Isolation, which means that the nation shall make no alliances make no enemies, have no friends. We have tried this and have waged war with England, Spain and Germany. Submarines and aeroplanes make this possibility of a nation an impossibility. Isolation is the selfishness of a nation. Shall America say Let the world die? If all the countries of Europe expire are we not concerned? Yes, said the Judge, we are concerned for the continents of the earth are drawn together and every quiver of the public pulse in Europe finds an answering beat over here. Famine, riots and bolshevism, arising over there will come over here. And then the sufferings of the people of the earth. Can we be unmindful of these? No, for the nations of the earth are the sisters of America and the people are our brothers and we must succor them.

The second policy is a combination of two or more nations known as the Doctrine of the Balance of Power. This has been pursued by the nations of Europe and is based on selfishness and it too, has failed.

The third policy is the League of Nations with each nation bearing its share of the common burdens. This humanitarian sentiment alone can save the nations.

Judge Hardy stated that he endorsed every word of the League of Nations program but he would like to make three amendments. One giving right to any nation to withdraw from the league under extenuating circumstances by taking the proper steps. Another that the league have nothing to do with the internal affairs of any nation in it, thus putting the immigration restriction outside the realm of this jurisdiction. And third that the constitution of the league be amended more easily than it can now.

Articles 19, 20 and 21 are the only articles in the constitution that have

PARK IMPROVEMENT IS THE NEW PLAN

Gift To The City Of Cameron Years Ago Will Be Made Place Of Recreation.

Possibly there is not an old citizen in Cameron who is not aware of the fact that Cameron possesses one of the most beautiful parks, or sites for one of the most beautiful, in Texas, and everyone who knows this fact, also knows that it is the generous donation to the city from Aunt Lizzie Wilson, and is known as the Wilson-Ledbetter Park. The tract is situated in the southern part of the city and contains 25 acres, the donation was made March 12, 1914. The only request from the donor was that the city should build a fence around same and erect an arch at the main entrance bearing the inscription, "Wilson-Ledbetter Park."

Possibly because it has been everybody's business, there has been little improvement made at this beautiful spot, and possibly it has been a lack of funds on the city's part. Now there will be some improvements made. The Cameron Commercial Club has taken the matter in hand.

At the last meeting of the Club this matter was brought to the attention of those present and was discussed at length. After the views of a number of members were given it was decided to take hold of the matter and not only comply with Aunt Lizzie's wishes, but to make a real park of same. A motion prevailed to appoint a committee of five to confer with the city council and see what they could do, after which, the club will solicit the cooperation of the entire citizenship of Cameron in making this a park of which we will all be proud.

The committee appointed is: J. W. Coleman, chairman; R. H. McIntosh, C. W. Lawrence, Giles Avriett and Frank Lesovsky.

RAINFALL STILL CONTINUES VERY HEAVY IN CAMERON

The registration of the rain gauge maintained in Cameron by the United States Weather Bureau Department shows that during the month of March there was 2.41 inches of rain fell. This is compared to 2.12 in March 1918. The total since October 1918 to the present date, or for a season this year, there has been 25.02 inches of rainfall. The total from October 1917 to April 1st, 1918, or the season for the 1918 crop was 7.95 inches.

no parallel in the old constitution of the United States, and these have their basis in the Monroe Doctrine. In Washington's farewell address he advises the people against forming entangling alliances. Twenty years later President Monroe departed from this and said we will go thousands of miles to help a nation in distress. The same men that swear by Washington's speech, think the Monroe Doctrine should be the guiding principle of America. "Consistency thou art a jewel."

We've tried isolation. For three long years we waited, then we were dragged into it. For our own sakes we entered. We would be brought in again. The critics say—that was just one war. Yes, but it was the greatest and most terrible war of the ages. And generations upon generations will be bearing the burden. Had we had this treaty in July 1914, we would not have had this war. If we don't get something like the League of Nations to guarantee peace, what do we get for all this blood shed, this suffering, this money we put into this war.

In conclusion he said, "This may be a dream, but it's the grandest dream of man. It may prove a failure in that it may not prevent all wars. But it will prevent many wars and all wars for years to come. America is the golden thread that binds together the hearts of the world racked in misery. Let our motto be, "Stand by the President—America is for the League of Nations."

SAP HIGHWAY IS NAME OF NEW ROAD

Enthusiastic Meeting Of Citizens From Four Counties Is Held In Cameron.

A mass meeting of commercial clubs, good roads clubs and good roads enthusiasts from Milam, Lee, Falls, Burleson and McLennan counties was held in Cameron last Thursday night. The attendance was in number more than 600 men, which included a good delegation from every county. The Young Men's Business League of Waco was represented by R. J. Windrow, Davis Stribling and J. B. Earle. Rockdale was represented by about seventy-five of their leading business men and farmers.

The object of the meeting was to lay plans for the establishing of a highway from Giddings to Waco, to be known as the Sap highway. It was called by the Cameron Commercial Club and was a success from every point of view.

President Robert McLane of the Cameron Commercial Club acted as chairman of the meeting and T. N. Herring, secretary of the Cameron Club acted as secretary and after a brief outline of the purpose of same by County Judge W. G. Gillis of Milam county, a motion from Geo. T. Graves prevailed as follows: That three men be named from each town represented to act as a committee to formulate plans, that said committee retire to another room and report as soon as possible.

Following is a list of members of this committee from the various towns:

Cameron, T. S. Henderson, Giles L. Avriett, Geo. T. Graves; Rockdale, Fred Graves, Preston Perry, E. B. Phillips; Lott, J. G. Ruble, Henry Lott, John Quincy Wilson; Rosebud, C. W. Strauss, J. R. Taylor, H. D. Crosby; Burlington, Ed Cahill, Fred Schiller, Earl Keys; Ben Arnold, Ed Frazier, Henry Reeves; Lexington, J. J. Brown, B. L. Rutland, C. C. Perry; Tanglewood, Doss Brown, John Tredwell, Will Chandler; Hicks, E. G. Lowe, J. P. Sparks, J. A. Kyle; Waco, R. J. Windrow, Davis Stribling, J. B. Earle; "No-Man's-Land" (a strip of road between Cameron and Rockdale unclaimed by either town,) George Banzhaf, R. H. Caldwell.

This committee from the various towns retired and while absent one of the most enthusiastic meetings ever held in Central Texas was had. Speechmaking was the order and had Plato, Aristotle or Demosthenes been present their great orations would have been brought back to their memory.

The general committee reported as follows:

Plan of Organization.
To The Honorable Robert McLane, Chairman:

Your committee on organization respectfully report as follows:

First—They suggest that the delegates here present form a permanent organization for the purpose of securing the establishment by the State highway commission of a highway to be known as "the Sap Highway," extending from the city of Waco southward along the line of the Sap railway to the city of Giddings.

Second—That such organization be effected by the election of a president, two vice presidents, a secretary and treasurer and an executive committee of fourteen members, representing the towns along the line of said highway, and we nominate for said positions the following:

Hon. T. S. Henderson, Cameron, president.

Messrs: O. R. Porterfield, Lott; and E. B. Phillips, Rockdale, vice presidents.

E. A. Donaldson, Rosebud, secretary-treasurer.

Directors—Gordon Gaither, Chilton; Roy Gaither, Rosebud; Geo. T. Graves, Cameron; E. A. Camp, Rockdale; Prof. E. S. Hearne, Ben Arnold; Ed Cahill, Burlington; D. F. Wade, Lexington; A. J. Dosssett, Waco; W. H. Fletcher, Minerva; D. S. Moffett, Lott; Lee Hillim, Hicks; Dr. Johnson, Giddings; J. A. Treadwell, Tanglewood; Will Shubert, Lincoln.

Third—The above organization is charged with the work of organizing

CAMERON CITIZENS FOR BETTER SCHOOLS

Special Election Held Tuesday Shows A Large Majority Favoring Extra Tax.

The special election which was held in Cameron Tuesday in connection with the regular election was a unanimous victory for better schools in Cameron. While the vote was very light, and only property tax payers were allowed to vote, the indication is that everybody is squarely behind the school. The vote was 91 for the tax and 8 against the tax.

Following is the proclamation issued by the Mayor of Cameron and the substance in detail of what was voted upon by the citizens.

Proclamation Calling A Special Election in Cameron, on Tuesday, April 1, 1919.

Whereas, at the regular March session of the City Council of the City of Cameron, the following resolution was adopted unanimously, viz:

"Whereas, on this fourth day of March, 1919, the petition of T. S. Henderson and one hundred and fifty other property tax paying voters of said city was presented to the City Council of said City of Cameron requesting that the question of whether or not a special ad valorem tax of not to exceed seventy-five cents on the one hundred dollars valuation of all property situated in said city shall be levied by said city for school purposes as provided by Arts. 925, 2876, 2877, 2878 and 2879 of the Revised Statute of Texas as amended by the Acts of the Thirty-fifth Legislature approved March 30, 1917 and October 30, 1917; and the Council finds that said petition bears the required number of signatures of property tax paying voters of said city according to the last assessment rolls of said city and that said petition is in every respect in conformity with law; and whereas, the Independent School District of the City of Cameron is identical in area and boundaries with the areas and boundaries of said city; and whereas the said city has hitherto assumed control of the public free schools of said city in the manner required by law and is entitled to the privileges and benefit conferred upon cities and towns by said Arts. 925, 2876, 2877, 2878, and 2879 of the Revised Statutes of Texas as amended as aforesaid.

In the general election there were three aldermen re-elected, they were O. M. Smith, J. C. Joseph and J. D. Dobbins, all former members of the board.

REVIVAL MEETING AT BAPTIST CHURCH

Pastor B. B. Blaylock Plans A Campaign To Further The Cause Of Christ.

The announcement was made several weeks ago that a revival meeting would begin at the First Baptist church in Cameron Sunday, April 6. Plans have been formulated and the meeting will begin as scheduled at 11 o'clock next Sunday morning. Rev. B. B. Blaylock, the pastor, will conduct the meeting and desires the cooperation, not only of his own members, but every denomination in the city. There will be two services daily morning and evening.

The citizenship of Cameron is well aware of the spiritual leadership of Brother Blaylock, he has conducted a number of successful meetings in this city and will no doubt receive the hearty support of all the christian people.

Baptists of Milam County.

The Fifth Sunday meeting of the Milam county Baptist Association held in Cameron last week, closing with a sermon Sunday morning at the 11 o'clock hour by Rev. Dr. Langham. The association had been in session since Friday morning and brought a number of prominent Baptists from over this part of the state to the city. Every line of the church work has been featured in the long program and much enthusiasm has been displayed. The meetings have been held in the First Baptist church of Cameron, Rev. B. B. Blaylock, pastor.

Mrs. Mary E. Green.

Monday morning at seven o'clock at the home of her daughter, Mrs. E. E. Alexander in Wichita Falls, occurred the death of Mrs. Mary E. Green of this city.

Mrs. Green who has made her home in Cameron for the past few years left about three weeks ago on a visit to her daughter in Wichita Falls. Just a week ago she contracted influenza and was quite sick from the very start. Her children were notified and several of them were able to be with her at the end. However, her death came as a surprise and a shock to her many friends in the city.

Mrs. Green who was Miss Mary E. Tike, was born in Columbus, Georgia in 1849. She was married in 1865 to Charles Nathaniel Green and they made their home in Alabama. They located near Huntsville where they raised their children. Fourteen children and two step children grew up under the guiding hand of this couple.

In December 1902 after 37 years of married life, Mr. Green died, leaving his partner to finish life alone. Mrs. Green was converted at an early age and joined the Methodist church. This faith has been the stay of her whole life. She was a devoted christian worker. The ladies in Cameron also found her a devoted Red Cross worker for during the war evening after evening found her in the work rooms. To her the war was a terrible reality for she had passed through the war between the states.

The deceased came to Cameron about twelve years ago and has made her home with her sons who live in the city. The people of Cameron soon learned to love her and claim her as their very own. She had a very strong personality and was a delightful companion and friend. She was a devoted mother, and her children and grandchildren were never happier than when she came to live with them.

The funeral of this noble woman took place in Huntsville, Alabama, Thursday morning, April 3rd. Her sons, Messrs C. N., A. N., Leland and Logan of Cameron and John, La Telleur and Ernest of Rosebud attended the funeral. Mrs. Green is survived by fourteen children and two step children, thirty-six grand children and four great grand children.

This death marks the passing of a long and useful life. The Herald and the Cameron people extend the deepest sympathy to the sorrowing sons, daughters and grand children for they feel that they too, have sustained a deep loss.

COMMERCIAL CLUB ELECTS DIRECTORS

Enthusiastic Semi-Annual Meeting of Club Is Held With Large Attendance.

The Semi-annual meeting of the Cameron Commercial Club was held last Friday night. The attendance was very large and enthusiasm ran high throughout the meeting. After the transaction of a few business matters, including the matter of voting to lease for the term of one year a park or athletic field for the Cameron high school, the business of electing officers and directors was taken up.

Before nominations were started Attorney W. W. Chambers, who has been chairman of the club's finance committee since organization, and whose record of attendance is that he has not missed a meeting, got the floor and delivered a most powerful speech relative to the importance of office holding in the Cameron Commercial club. He laid stress on the importance of being in attendance at every meeting and never shirking a duty.

As president of the club, Mr. Robert McLane was unanimously chosen and elected by acclamation. This being the third term he has been elected to this all important position. Mr. McLane's record for the year he has been in office is not a meeting missed.

Mr. C. W. Lawrence was unanimously chosen as vice president and Mr. George T. Graves, cashier of the Cameron State Bank, was elected treasurer. The secretary will be elected at the first meeting of the new board of directors which will be next Friday night, April 4.

There were 33 men nominated and placed on the board from which to select a board of directors and were chosen as follows: W. W. Chambers, George T. Graves, J. W. Coleman, W. G. Gillis, J. T. Parma, R. H. McIntosh, J. D. Dobbins, Giles Avriett, T. S. Henderson, John E. Mangum, E. A. Fliin and H. M. Hefley.

Many things for a better Cameron are planned for the next six months and every care will be used by the board of directors in selecting committee chairmen and members for the various committees, there being ten to select.

Number of good of the order speeches were made that night and the meeting was one of re-organizing that will long be remembered.

PROMINENT THORNDALE MAN VISITOR HERE THIS WEEK

Capt. A. J. Ravenau of Thorndale, who is in charge of the mechanical end of the R. L. Batte interests in that little city was a business visitor in Cameron a few days this week. "Cap," while over to the Metropolis on business did not fail to mix a little pleasure with his trip. He is a wholesome good fellow, just as good as he is big (and he's not very small) and if you are his friend he will always greet you as such. He returned home Wednesday afternoon.

CAM-HI WEEKLY ISSUES APRIL FOOL EDITION

The Cameron public school students of this city have been using a page in the local newspapers every week as a means of keeping their work before the citizens of the town as well as to tell of many "stunts" that are pulled off by the faculty and student body. This move was instigated by the principal, Prof. J. N. Crawford, immediately after he came to Cameron the first of January. Crawford and his able corps of editors decided last week to pull a real stunt and Tuesday morning, All Fools Day, they came out with an April Fool edition consisting of four pages, the paper was filled with pranks and funny things that would fool anybody. It was printed by the Cameron Herald and was a credit to boys and girls who put it out. The first idea that was conceived was to get the matter of a special school tax election before the people. Over 600 copies were sold at 10 cents per copy.

MILAM UNDER QUARANTINE AGAINST CATTLE TICK

The Live Stock Sanitary Commission reports that in accordance with Section 9, Chapter 60, General Laws passed by the 36th Legislature, at its regular session, the commission immediately after March 1, made and certified to the Governor a list of all counties and parts of counties in tick eradication Zone No. 1, that had not been freed from ticks and released from quarantine and that the Governor issued his Supplemental Proclamation No. 17, proclaiming a quarantine in and around such counties and parts of counties, to be in effect on and after April 1, 1919. The counties so quarantined are:

Anderson, Bell, Bowie, Brown, Burnett, Camp, Cass, Cherokee, Comanche, Coryell, Delta, Denton, Eastland, Falls, Fannin, Franklin, Freestone, Gregg, Hamilton, Harrison, Henderson, Hill, Hopkins, Lamar, Lampasas, Leon, Limestone, Llano, Marion, Milam, Mills, Morris, Navarro, Panola, Red River, Raines, Robertson, Rusk, San Saba, Smith, Somerville, Shelby, Titus, Upshur, Van Zandt, Wise, Wood, also parts of the following counties: Jack, Johnson, Hood, Parker, McCulloch and Tarrant.

W. A. Wallace, chairman of the Live Stock Sanitary Commission, says that active tick eradication will be taken up in the quarantined territory above described and will be conducted in accordance with law and with the rules and regulations of the Live Stock Sanitary Commission as contained in the Governor's Proclamation, and that all owners of Live Stock should familiarize themselves therewith, in order that they may effectively co-operate with the inspectors of the Live Stock Sanitary Commission in ridding their county of the fever tick.

Under the provisions of the law, all cattle, horses, mules and asses immediately become quarantined April 1 in all counties and parts of counties mentioned in the Governor's Proclamation, and the owner or caretaker of such live stock cannot lawfully move them or allow them to be moved until his premises have been released from quarantine, except in accordance with the rules and regulations of the Live Stock Sanitary Commission.

GET BEHIND VICTORY LOAN SLOGAN OF METHODISTS

"Your patriotic duty is to help the Fifth Liberty Loan to an overwhelming success," is the word sent out by Dr. W. B. Beauchamp, Director General of the Centenary Campaign to millions in the Southern States.

"Our own plans for raising thirty-five million dollars for the work of the Centenary are thrust aside that the Government may fulfill its obligations and promises made during the War.

"That there will be no conflict in dates of the two campaigns that of the Centenary has been postponed from the week of April 27th to that of May 18th. This was done so that no obstacles of any kind will be in the way of a successful conclusion of the Liberty Loan and that it will get its full quota from the South.

"Let us co-operate in every possible way, and in the satisfaction of knowing that each and every one of us has done a full duty there will come an added stimulus and enthusiasm for our own drive for funds to extend our religious work at home and in the war destroyed countries of Europe.

Jewish Relief Campaign.

The first campaign ever instituted by any Jewish society in Texas will be opened on April 7th, when the American Jewish Relief Committee will open its drive for the States apportionment of the \$35,000,000 to be raised in the United States for war sufferers in Asia Minor. The campaign is heartily indorsed by President Wilson and other prominent national characters who are cognizant of its need and purpose. The fund will not be used for Jews alone, but for all sufferers within the war zones. It is non-sectarian, though being waged by the American Jewish Relief Committee.

Jews have always been solicited for contributions to campaigns of every kind for relief purposes throughout the country and this fund to be raised will be the first in which the Jews have called upon all citizens of the United States to contribute for Jewish sufferers and other sufferers in the stricken zones. The end of the war has not lessened, but rather has accentuated the sufferings of the Jews in Asia Minor who have been

practically denied any means of livelihood. Particularly is this true in Palestine and Galicia.

The American Jewish Relief Committee did not participate in the funds secured from the United War Work Campaign. The Jewish Welfare Board secured an apportionment of the funds, which were used for promoting the welfare of our soldiers and sailors. The funds to be secured by the American Jewish Relief Committee will be used in relieving distress and suffering of the populace in the war torn areas of Palestine and Galicia in particular.

Inasmuch as the problem is primarily one affecting the Jews, because the area in which the funds are to be used is mostly Jewish and because of the fact that the organization of the Red Cross is not perfected in these countries, the American Jewish Relief Committee has been organized to take care of these sufferers. Among the other prominent national characters behind the movement are: Secretary of State Robert Lansing, Jacob H. Schiff of New York, James Cardinal Gibbons, Vice-President Marshall, Secretary of the Navy Daniels, Felix M. Warburg, Senator Willard Saulsbury of Delaware, Governor Thos. Walter Bickett of North Carolina and others. The State Chairman for Texas is Alex Sanger of Dallas. Organization is being perfected throughout the State for the drive which will open on April 7th and last until April 12th. Chairmen will be announced soon for each district within the State.

Owing to the limited number of members of the Jewish Welfare Board in Cameron there will be no active canvass made for the above fund, according to Mr. J. C. Joseph. However, it is hoped that a good sum will be donated by the Cameron citizens and all those desiring to make

Vernon Dalhart.

Cameron people enjoyed a treat last Friday night when Vernon Dalhart sang in an Edison concert.

Mr. Dalhart who is a Texan and who is quite a noted tenor singer, gave a splendid selection of songs. His repertoire was made up of very catchy and popular songs which always delight an audience.

The Edison showed itself to be the "instrument with a soul." The power to re-create the human voice was proven beyond a shadow of a doubt as Mr. Dalhart would remain quiet while his voice and the Edison took up the air.

The evening's program was splendid and the packed house of enthusiastic listeners counted themselves fortunate to have had this opportunity.

Presbyterian Church.

Last Sunday evening, the Ladies' Auxiliary arranged a service in the interest of Sunday School Missions. The high school orchestra led in the music. Miss Bonnie Brougner's girls favored us with a selection. Miss Olive Henderson gave us a violin solo and the service was enjoyed by all.

Sunday the usual service. In the morning a sermon on consecration and

the Lord's supper. We are expecting a male quartette to sing at this service. The evening services come at 8 o'clock.

REVIVAL AT BAPTIST CHURCH BEGINS NEXT SUNDAY

We will begin our spring meeting next Sunday. The pastor and his local forces will conduct the meeting. There will be no outside help. This meeting will be held in the interest of the spiritual forces of Cameron. The objectives of the meetings are: first, to deepen the spiritual lives of the Christian people, and second, to lead the lost of our town to Christ.

We extend a cordial invitation to members of the other churches of the city to join us in our efforts to build up the cause of our common Lord and help us save the lost. We especially invite the singers of the other churches to assist us in the music.

There will be two service each day morning and evening. Will those who pray, ask God's blessing daily on our meeting?

Respectfully,
B. B. Blaylock, Pastor.

Chambers-Hefley Motor Company

FORD REPRESENTATIVE VISITOR IN CAMERON

Mr. E. L. Stacey, representing the Ford Motor Company of Houston was a visitor in Cameron during the first part of the week. Mr. Stacey is high up in the Ford business. He makes regular visits to the different dealers over the State and in conversation with a Herald man on his trip to Cameron relates that the Chambers-Hefley Company's business was in the best of condition.

Early Morning Wedding.

All things are fair in love and war and young people will find a way to quit the paths of singleness blessedness. Mr. Alfred E. Anthony, a soldier boy in the employ of the power company and Mrs. Cora Mae Lackey of Weatherford, Texas, were married Thursday morning at 3:50 o'clock at the Presbyterian manse. The young lady came in with some friends on the south bound Santa Fe, and the company were not long in disturbing the quiet of the preacher's home.

Mothers' Club.

The Mothers' Club had its regular monthly meeting in the school auditorium Wednesday afternoon at four o'clock. In spite of the weather there was a good attendance of the club members.

The program for the afternoon opened with a short concert by the Cam-Hi Orchestra which was enjoyed very much. Miss Mildred Chambers favored the club with a beautiful piano solo. A talk on "The Value of Nature Study" was then given by Miss Minnie Wolf.

After this the meeting was turned into a business meeting. A motion was made and carried that the name of the organization be changed from the Mothers' Club to the Cameron Parent-Teachers Association and that dues be sent out immediately to the National and State Associations for membership.

This was the regular meeting for the election of officers and the following women will serve as officers for the ensuing year:

Mrs. E. A. Wallace, President.

Miss Minnie Wolf, first vice president.

Mrs. Howard Baskin, second vice president.

Mrs. W. T. Hefley, Secretary.

Mrs. J. G. Vest, Treasurer.

Red Cross Notes.

The Milam County Chapter A. R. C. last week shipped a large box of sweaters and socks. This week a box containing 100 refugee garments was sent to headquarters.

The Chapter has received a new quota of refugee garments and the Cameron women are invited to come to the sewing room and help make these.

James L. Smith.

James La Mont Smith died at the home of his parents in Minerva, Tuesday morning at ten o'clock.

This young man was the son of Mr. Smith, principal of the Minerva school and had been sick some time. He was only 21 years of age. The funeral service took place at the Methodist church in Minerva and was conducted by Rev. B. B. Blaylock of the Cameron Baptist church. Interment was made at the Minerva cemetery.

The Herald extends sympathy to the bereaved family.

A Dinner Party.

Dr. and Mrs. T. J. Denson complimented Mr. Vernon Dalhart with a six o'clock dinner last Friday evening. A basket of red verbenas formed the center piece and the plate and glass doilies were of red and white. A delicious chicken dinner was served by Misses Mary Sue and Dorothy Denson. Places were arranged at the table for: Dr. and Mrs. T. J. Denson, Miss Bowen of Dallas and Messrs Dalhart, Curry and W. L. Lutner.

MINERVA MINUTES

"No joy so deep but the sad tomorrow
May prove its counterpart in sorrow."

Just as we were congratulating ourselves that sickness had departed from our community, and all was well, we were shocked with the sad news of the death of Mr. W. A. Robinson, one of our most popular citizens. Every advantage that love could command, was given him but at the Divine call, the veil of life was lifted and his soul passed into the great beyond, March 24, at 11:30 p. m.

The funeral services were held in the Methodist church where his personality seemed to mingle with the very walls of the building itself. The church was crowded to overflowing with friends and acquaintances from Minerva, Rockdale and Cameron to pay their last tribute of respect. The beautiful message on "Christian Hope" by Rev. H. R. McFadyen of Cameron and impressive prayer by Rev. R. O. Weir was a consolation to all who attended. The services were concluded at the cemetery by the Woodmen of the World of Pecan camp. The floral offering from friends, the Minerva school and Missionary Society were both numerous and lovely. Mr. Robinson's illness was of such short duration that our minds almost refuse to grasp the fact that his well known and active presence in business and church will be no more but we know that God holds the key to the great miracle of death and

"Just as He bore His cross alone,
You and I must bear ours too
But somewhere out of the darkness
His pity and love will shine through
So remember, that out of the shadows
And down life's rough road steep
He will take our hands and guide us
where
He gives his beloved sleep."

Mrs. J. S. Jacobs sends the message from Fort Worth, that the baby girl the stork left at the home of her daughter, Mrs. Carl Ferguson of that city, on March 23, was gratefully and thankfully received.

Miss Rector, the friend visiting Miss Aycock, returned to her home in Lott Friday.

The people seem to be alive with "good road ideas" judging from the many cars passing through Minerva enroute to Cameron's good roads meeting.

Mrs. Isaacs and children were shopping in Rockdale Friday.

Mr. and Mrs. York of Lexington, uncle and aunt of Mrs. W. A. Robinson, have returned home.

Robert Isaacs and J. C. Wallace were in Cameron Wednesday to hear Rufus Hardy speak.

Miss Lizzie Whites of Cameron spent the week-end with her parents, Mr. and Mrs. H. M. Whites.

The workmen for the fixing of "No-Man's-Land" have their headquarters in Minerva. They are "as welcome as the flowers in May" for "the bird in hand" etc.

Miss Bessie Henry writes that her work in the Tyler Commercial College is progressing fine.

Mr. Ed Edwards had telegram that one of his barrels of radishes sold for \$20.00.

In spite of rainy weather our Sunday School was well attended last Sunday. Much interest was manifested in the adults class taught by Mr. J. M. B. Williams.

Yes, Minervans are optimistic, if it rains too much for our staple products we will get a good price for what we have left, if it rains just enough we will have a large crop and can be contented with a small price, if it turns too dry to raise any crop we fall back on our by-products, poultry, eggs and dairy stuff, if this fails us we will sell our cars, grin and quote, "Blessed is he that expecteth nothing, for he shall not be disappointed."

Thos. N. Herring, Manager

Cameron, Texas, April 3, 1919

We don't mind quitting one hour earlier in the afternoon, but this getting up one hour earlier in the morning is what gets our "goat."

Every man is honest on a full stomach, but an empty stomach is the first turn of the wheel of bolshevism. America can feed Europe; let's do it.

All our exchanges—not a single exception so far—approve the seventy-five million provision for road building. This looks good to us, and we believe the measure looks good to all Texas.

Volume 1, number 1 of the Lott Post has arrived at our desk and it presents a very neat and substantial appearance. O. R. Porterfield is on the editorial firing line and our brief acquaintance with him during his recent visit to Cameron as a delegate from the Lott good roads club last Thursday night, leads us to believe that he will make The Post one of Central Texas' best weeklies.

Cameron editors evidently didn't take well to the alliteration proposed by The Reporter two weeks ago. "Queenly Cameron" evidently didn't sound good to them. Until they suggest something better Rockdale will adopt the alliteration "Cousin Cameron"—pronounced with a "z," of course.—Rockdale Reporter.

"Queenly Cameron" is good Brother Cooke, but as Queens are somewhat out of date and a trifle too feminine for a big, husky, vigorous town like Cameron, we would prefer something more substantial. However, in the absence of something better, "Cuz-zun Cameron" will stand for the aforesaid "non de plume."

Senator Cummings of Iowa, in advocating the return of the railroads to private ownership, recently said: "It costs the government more to do any given thing in a country like ours, where every man is a sovereign, than it costs anybody else to do the same thing. The history of every enterprise of a business nature conducted by the government proves all and a great deal more than the statement I have just made. I disparage no one and impugn no man's integrity. What I have said is not only the truth but is as natural as life itself." What is no longer a war measure needs no longer to be considered as such, and here we end our comment.

Why not the ladies of Cameron be thoughtful enough of the working girls in the various stores to do their shop-

REV. B. B. BLAYLOCK

ping early in the day. It has been brought to our attention a number of times lately by young women in the city who support themselves, and in many instances support either a widowed mother or some other dear one by working, that a large number of the more fortunate women of the town make a practice of getting into the stores after six o'clock when the day has been drudgedly spent in toil. They invariably come to look and after an hours rumble through the shelves possibly not a single item is bought. The salesladies and working girls of Cameron are away above the average in intelligence and politeness. The Herald appeals to the other ladies, do your shopping early in the day—all that you can before noon.

Government Railroads.

Cameron Herald: If you want to see how Government ownership or control of public industries operates, compare the railway service of Europe with that of this country; or the war time measure of the past year or so in America. We look upon the system as fraught with danger to the people's interest. It is paternalism in its worst form, and therefore repugnant to every free-born American.

Before the war we used to have flattering accounts of Government ownership of railroads in Europe. Our tourists used to go abroad, ride on the de luxe trains, including the "international express," and come home favorably inclined toward the European method. They didn't know much about it or learn much about it. Our boys who have soldiered over there have had to ride the dinky little accommodation trains, such as the ante-bellum tourists didn't get many glimpses of. Of course, war times are abnormal times, but it will take tall talking to make a young American who has had first-hand experience with French Italian or other continental European railways believe that even in the piping times of peace are these transportation lines conducted with the serviceable excellence that characterized our privately owned roads prior to the governmental regime. Governments are good at some things and bad at some others. Running a com-

plicated railroad business is one of the things our own government has not excelled in. Some times it looks like a case of no authority. It is not too much to say, in short, that if the Government hadn't violated its own anti-railroad laws the railroad service by this time would have looked like a three-wheeled stage in a sandstorm.—State Press, Dallas News.

Professors In Courtship.

The Cameron High School Weekly, as printed in the Cameron Herald says:

The chapel speaker rose to speak, cleared his throat and stopped. At last he spoke. "There's a girl in the back of the room holding another girl's hand. When she gets through I'll begin."

Of course, it sounded funny to the schoolhouse audience. Nearly anything sounds funny to a lot of healthy boys and girls, especially if the fun is to be had at the expense of the teacher. But the professor who unwittingly promised to begin holding the girl's hand would have made a poor out at it, if he had tried. Professors, after they have been professors a while are inept at courtship. A professor seasoned in his profession, loses the capacity for small talk, and in courtship small talk is about the only kind of talk there is. Instead of reaching over and grasping the girl's hand, as a regular courting man might do, the professor would peer at it over his spectacles as it rested innocently in her lap and remark, with dignity, that if "You have no objection, I would be pleased to grasp and retain for a season one of your manual extremities." Of course, she wouldn't hand her hand to him on such an invitation. No girl does that. Her hand has to be picked up impulsively and firmly and covered with the second hand of the party of the first part. He must smuggle her hand between his two, as if it were a slice of ham in a sandwich. We sometimes read of staid and middle-aged professors doing the most extraordinary things in the way of courtship and marriage. They seem suddenly to realize that they are single and marriageable, therefore, they go about matrimony as they would undertake a laboratory demonstration.

"You wonder if you could what?" demanded the barkeep, as he grabbed a bottle.
"Why, if an angry man pitched his alarm clock out of the window when he got up in the morning, I wonder if you could say that he is throwing away time?" replied the Rummy as he headed for the door.

"No Beer, No Work"—He Never Worked and He Never Will.

In the drab days before the A. E. F., I used to work in the Wall Street district. Day in and day out as I passed a certain store of Nassau street I would encounter the same seedy, stoop-shouldered individual lounging in the doorway or standing on the curb in front of the store. He was tall and thin as George Crutch, unshaven, collarless, and busted out at knee, elbows and toes. In winter he wore a faded overcoat, worn to a frazzell and fastened at the neck with a safety pin. Once in a great while he would get a job for a day holding a sign advertising a sale in the stationery store. But generally he chewed tobacco, watching the hurrying crowds with a placid, watery eye, and just loafed.

The other day when I received my release from the navy I went around to see my former boss. As I passed the stationery store, there was Old Faithful still on his station, looking just the same as he did twenty months ago. But not exactly the same, either. There was something bright and fresh on his shabby overcoat. When I came nearer, I saw it was a shiny celluloid button, and the legend on it was:

"NO BEER, NO WORK!"—R. W. H.—New York Tribune, March 7th, 1919.

Mrs. R. E. Roberts and daughter, Miss Verna, spent last week-end in Thorndale.

young ladies of the high school age, much as their interest in astronomy, for example, confines itself to the youngest stars of the firmament, the nebulae, or the chorus girl satellites. Theoretically the professor associates marriage with biology. Actually, he often acts as if it were a campus prank.—State Press, Dallas News.

Good Roads And Markets.

The office of Public Roads of the United States Department of Agriculture gives the following instance as occurring at Crosby, Texas:

"At Crosby, Texas, a shell road was built for one mile out of town. A farmer four miles out came to town with a team of two mules and loaded on his wagon at the railroad station two tons of wire fencing. At the end of the improved shell road, on his return, the farmer was compelled to throw off 3,000 pounds of wire. He then hitched two additional mules to haul 1,000 pounds on the remaining three miles of unimproved road. This man then had to make three more trips for the remaining 3,000 pounds of wire, and it required his time for the four miles from ten o'clock one morning until eleven o'clock the next morning to finish the hauling. If the improved road had extended four miles to the farm, the original team of two mules could have hauled the two tons of wire in two and one-half hours."

In the South the average haul of cotton from farm to shipping point is 11.8 miles and the average load is about 1,700 pounds, or a little more than three bales. The average cost of haul is 80 cents per bale and \$3 per

ton for seed, or from 25 cents to 30 cents per ton mile. The haulage cost (from farm to shipping point) of the 1911 crop, cotton and seed, according to the United States Department of Agriculture, was \$37,375,634. The farmers who grew the cotton paid this sum out of such profits as the 1911 crop brought them, and as the average price of cotton that year was but 8 8-10 cents per pound, it will be seen that the profit was small and that the farmers could not well spare this charge upon it. If the farmers had to pay this charge in money instead of work, very few farming communities would be without a good road; they would vote for whatever bond issues were necessary to lift their farming operations out of the mud.

Texas can add to its agricultural prosperity by building better roads.

Young Soldier Dies.
E. W. Thompson of this city has received a communication from the commanding officer of the No. 100 Quartermaster Corps, A. E. F. France advising him of the death of his son, Lee Thompson, who died on February 15th in camp hospital No. 15, Nevers, France. The cause of his death was not given.

The receipt of this sad news in Cameron was regretted by the entire citizenship. Young Thompson was one of the first 15 Milam county boys to volunteer his services, and did so four days after war was declared by the United States. He was a young fellow and was a familiar character in the city, having been credited with supporting his aged father. Thompson was among the first American troops to go "over there," and was in a number of the big fights.

Miss Hardy Entertains.
A crowd from Rosebud were the honorees of a six o'clock dinner last Friday evening with Miss Vance Hardy as hostess.

An elegant three course menu was served amid beautiful surroundings. Red was the favored color and the dining room was lovely. The table decorations were red verbenas gracefully arranged in gold bowls and red shaded candles. Dainty cards with the Easter design marked the places for the following guests: Mr. and Mrs. Alex Triggs, Miss Mary Belle Taylor and Messrs John Taylor and Jean Longmore of Rosebud and Miss Joe Davidson of Waco. After the dinner the guests enjoyed the Dalhart concert.

Announcement.

Last week the boys wrote the material of the Cam-Hi News. Of course there was some just criticism, but the edition as a whole was good. This week the girls gathered all material and did good work. We leave it to the reader to judge which is the best edition.

Next week is "free for all." All articles written by any member of the high school for this paper will be greatly appreciated.

Representative From U. S. Treasury Department Visits School.

Last Thursday the school was visited by Mr. McLane, representing the U. S. Treasury Department. He made a talk before the student body, in which he urged the students to buy Thrift and War Savings Stamps, and to influence others to do so. In his praises of the loyalty of the citizens of Cameron, he mentioned the fact that on the previous day one Cam-Hi boy had sold \$1000 worth of War Savings Stamps.

We are glad to note that L. J. Epperson is rapidly improving. We shall be glad to have him among us again soon.

Beginning of Last School Term.

Monday was the beginning of the new term. It was also the beginning of the last term for this session of school. May not this final term be compared with the last heat of a great race? For seven months the students have been striving for a goal, and yet some of them shall not reach it. Some will win first place, and their success shall be crowned with honors and reward. All cannot be first, but even those that are last shall be praised for their honest efforts, since "It is not failures but low aim that is a crime." Some will be attracted by things outside of the race, and will fall by the wayside. These, however, may enter the contest and yet be successful. In these last days of the school as in the last heat of the race, may each student strive with every effort to be among the first to reach the line of victory.

May the victors in this contest not be satisfied with having won a single race but may they also be more eager to enter higher contests, and develop the spirit that belongs to the modern man or woman in the race of civilization and in the culture of the world.

R. A. M.

Lou Peel hasn't discovered the girl yet, but he is already worrying about how he is going to propose to her when he does, "war and matrimony," says he, "require preparedness." He has written a dozen tentative sentences wherewith to introduce the subject. We call a few of these mere suggestions. He imagines himself starting the conversation with one of these phrases:

"You look very nice across the table."

"I think cooking like yours would keep me in a good humor always."

"Do you object to smoking around the house? I don't smoke."

"The high cost of living isn't so high after all, is it?"

"Do you mind beginning to look like me?"

"I suppose, like all girls, you intend to remain an old maid?"

"Do your clothes hook up the back?"

"Yes, I know that I dance like a camel, but it is because life was a desert to me until this evening."

Girls Relation to Cam-Hi.

In the high school, the greatest feature is the feminine portion. The greatest percentage of students in each class is girls. If there were not women in such institutions as universities and colleges, where would they stand? We may narrow this down, to girls and their relation to high school. What would our schools be if there were no leaders in them? There has to be a leader in everything. We see the women leading in great political questions in our state affairs today, so why should we not have the mature woman, or girls as leaders of our high school?

We may take for instance, Cameron High School. In this school there are many more girls than boy students. Why is that? The girls have the "grit" in them to go on through high school to the end, showing fine records and a diploma. It cannot be said that no boys do this, but the greatest number of these records are made by girls. And in two thirds of the cases where boys stop in the middle of their high school career, it is because they haven't enough "get up" and "stickability" in them to go on through.

In the athletic affairs of Cam-Hi, we see the girls taking a great part. In basket ball, base ball, and up until this year, tennis, the girls have always done great work. If ever a display of "pep" is wanted, the girls are called on. In mus c, we do not see any great accomplishment in Cam-Hi among the boys. The greatest musicians of Cam-Hi are girls. Among the grades made in high school, over two-thirds of the grades above 90 are made by the girls. This shows, not who has the brains, but who uses his brains.

Are not the girls the most important of our committee members? Is not the president of our student council a girl? Is not the assistant editor of our newspaper a girl? Are there not many girls on the annual staff boosting our annual to a finish? Why is this? Because the girls are leaders in Cam-Hi, and if one looks around, he cannot help seeing this.

E. F.

More About Athletic Field.

We are glad to report that the committee appointed by the Cameron Commercial Club several weeks ago, has secured for the school an athletic field for the remainder of the year. The location is the lot belonging to Mr. A. N. Weems, and is the old gridiron field. This is the best possible location that could have been secured, and the high school students greatly appreciate the aid rendered by the Commercial Club.

Weekly Explosions.

Furthermore we believe that if our "pep" continues, we can easily build a grandstand on our athletic field which the Cameron Commercial Club has secured for us.

It is our idea that our teachers are

very fond of us. They give exams that no one could pass, in order to keep us with them in Cam-Hi as long as possible.

Some one has said that we will have no foot ball team next year. The exams have removed that danger. We will probably have our old line-up.

Mrs. Solomon says that she is going to move to Thorndale because the people there are so hospitable. She found this out when she went there to the county meet last Friday.

The Cam-Hi widow's latest proposal was from a Freshman. She did not accept because he is too young to take her to see "Mr. Bob."

Mildred—"Tell us something of Captain Crawford's military company.

Crip—"Well, we stormed Buzzard roost several months ago, and won a splendid victory. We are now in winter quarters preparing for a spring drive on watermelon patches."

"Aren't you ready," called L. J. from down stairs.

"As soon as I fix my hair," she replied.

"For gracious sakes," came from L. J. an hour later, "haven't you fixed your hair yet?"

"Fixed it!" shouted Harriet, "I haven't even found it yet."

Announcements.

Interesting sprints at the Prominent, among us.

The announcement that Miss Minnie Yoe has signed a contract for 1920 with the ballet of the "Ziegfield Folies" is at last ready for publication.

We take this occasion to announce the arrival of a freckle on the heretofore unblemished physiognomy of Mildred Favors.

Miss Grace Mangum states that she is now ready to receive any and all proposals. Only the handsome, blonde and cleanly need apply.

Miss Rosa Dailey is deploring the arrival of an "A" on last quarters' card.

History of the Cameron High School.

Long before public schools were begun in our city, a "private pay" school was founded here by Professor W. B. Streetman. The location of the log school house was at the present site of the Herald office. It is said that the teacher was very, very strict—even stricter than the ones old Cam-Hi now knows. The poor pupils attended school from 8 o'clock in the morning to 5 in the afternoon, for ten months every year. They were taught the "3 r's" spelling and the dictionary. On Friday afternoons there were spelling matches and on another afternoon each week there was a "multiplication table" match. There were only hard benches to sit on.

After the civil war the school was changed to the Masonic Hall and the Baptist church, which were in the same building. It is said that Cameron's first piano was here. In an interview with Mrs. Yoe, she said: "We were often very much frightened when we saw a man standing in the door of the Masonic Hall with a sword." Furthermore she stated that Mr. Krause was the first real musician. He taught violin, piano and dancing. His chief musicians were Miss Floretta Streetman (Mrs. Hicklin) and Mrs. Tarver. Other early

teachers were Mr. L. J. Smith, father of Mis. J. M. Ralston, J. C. Oxenford, father of Miss Victoria Oxenford, Prof. Wilson and Mrs. Lee Faulkner.

The school did not continue long in the Masonic building for soon the "Milam Liberal Institute" was established on the present school lot. The "Academy" as it was called, was quite popular on account of the desks. Prof. Streetman taught here too.

In April of 1891 a new building made of brick, was in the course of construction, when it was destroyed by fire. However, it was rebuilt in July of that year. This was Cameron's first public school. The prominent teachers of that time were Profs. Smith, Ragsdale, Cochran, O'Shea and Simms, who was superintendent for a number of years until his death in 1907.

Mr. Watts was our superintendent from that time until last year, when he moved to Taylor. During his administration the school grew rapidly. Athletics was introduced, publications were begun, the music department expanded, and the addition of the auditorium and the high school class rooms was made. We all love Mr. Watts sincerely, as do all of the people out of school. He was always cheerful, courteous and encouraging to us. Miss Ada Henderson has been in Cameron for quite a number of years, and starts us off on the right path, though some did not stay on it. We all love her and honor her highly. Other teachers to be remembered here are Mrs. Gillis, (Miss Lula Chambers,) Mr. Boggs, Mr. King, Miss Perlitz, Miss Cooper and Miss Julia Williams.

In 1918 Mr. Kidd became our superintendent. This year has been quite successful. The improvements may be seen everywhere, in our athletics, in the orchestra, in class spirit and in the intelligence in the school in general.

A Boy's Greatest Fault.

Yes, I suppose I'm lazy, but that ain't my fault. Everybody says my ancestors, whatever they things are, had the reputation of being the laziest folks in the country, and somehow or 'nother, nobody never tried to take it away from 'em. Jest 'cause I don't study ain't no sign I'm lazy now. It's 'cause I don't feel like it.

I know what I'm gonna do. I aint never gonna nowhere nor read nothing never, 'cause ever where I go somebody goes to tellin' 'bout a lazy boy who goes fishin' to get out of work, and then ever' body goes to looking at me. Then ever' time I start to readin' it goes an' tells 'bout a good little boy who aint lazy a'tall, an' just does ever'thing his maw tells him to. I aint strong enough to bring in wood 'cause my backs weak. 'N just 'cause I go fishin' instead o' beating carpets aint no sign I'm lazy, 'cause a body needs a little recreation once 'n a while.

Mama thinks I ought to work all the time anyhow. But she'll be sorry she treated me like that when I'm dead an gone. Then my ghost'll come walking 'round at night an a hauntin' her an' she'll be sorry, she will, that she didn't treat me better, and thought I's lazy when I aint.

Congressman Rufus Hardy Speaks at Court House.

Last Wednesday news was received that Hon. Rufus Hardy, our Representative in the House of Representatives, would speak at the Court House at 3 p. m., on the subject of "The League of Nations." The school was dismissed at that time, in order that the teachers, as well as the students might receive the benefit of a discussion on this important question.

An account of the county track meet which was held at Thorndale on March 28th, will appear in the next edition of the Cam-Hi Weekly.

Recital at the School Auditorium.

Last Friday evening a recital was given at the school house by Mr. Vernon Dalhart, a noted Texas tenor.

For the use of retailers a machine has been designed that dispenses in small quantities without waste lard taken from a fifty-pound pail inverted on top of the device.

To enable a man with one leg to mount a bicycle or rest while riding, a European inventor has patented a small wheel to be attached upon one side of the frame of a machine.

If it's in The Herald, it is news.

The State of Texas,
County of Milam.

On this, the first day of April, A. D. 1919, this court being in special session, came on to be considered the petition of Thos. V. Adams and one hundred and three other persons praying that bonds be issued by Road District No. Eight (8) of Milam County, Texas, in the sum of one hundred and fifteen thousand dollars (\$115,000.00), bearing interest at the rate of five and one half per cent per annum, bonds to be numbered from one to two hundred and thirty, each to be in the sum of five hundred dollars (\$500.00), numbers one to seven to be retired one year from date thereof, and seven of said bonds to be serially retired annually thereafter until one hundred and forty of said bonds shall have been retired, and thereafter nine of said bonds to be retired annually, for the purpose of constructing, maintaining and operating macadamized, graveled or paved roads and turnpikes, or in aid thereof, and whether or not a tax shall be levied upon the property of said Road District No. Eight of Milam County, Texas, subject to taxation for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity.

And it appearing to the court that said petition is signed by more than fifty of the resident property taxpaying voters of said Road District Number Eight of Milam county, Texas, said Road District Number Eight having been established by an order of the Commissioners Court of Milam county, Texas, dated the first day of April, A. D. 1919, of record in volume 6, page 526 of the minutes of the Commissioners Court of Milam county, Texas, within the following metes and bounds, to-wit:

Beginning at the southwest corner of the James Hall league, on Little River, for the southeast corner of this survey; thence north 19 east, with the west boundary line of said league, passing the northwest corner of same and continuing in same direction to Big Elm creek, or distance of 15,800 varas;

Thence up the meanders of said creek to where it intersects the Milam and Bell county line, which is on a base line from second corner of north 31 west 6125 varas;

Thence south 60 west, with said boundary line, crossing the Gulf, Colorado and Santa Fe Railway at 10,560 varas, and continuing with said county line 170 varas to point where said line intersects Mrs. Alex Rogers' east line;

Thence south 19 west with said Mrs. Rogers' east line 550 vrs to Will McAllister's northwest corner, in old Cameron and Belton public road;

Thence south 71 east, with said road, 1365 varas to Hugh Wear's northeast corner and Nordhausen's northwest corner;

Thence south 19 west 3707 vrs to the southwest corner of what is known as tract Number Seven of the Hefley subdivision of lands on the J. D. Sanchez survey, conveyed by W. T. and Mary E. Hefley to C. L. Gibson, said corner being in public road;

Thence north 71 west, 50 vrs to northwest corner of lot number six of said Hefley subdivision, conveyed by said Hefley's to T. S. Thompson;

Thence south 19 west, 640 varas with Thompson's west line to his southwest corner, and continuing same course with east line of Alex Rae's tract, 1028½ varas, to the southeast corner of said Rae tract;

Thence north 71 west, with the south line of said Rae tract, and the north line of B. Russell's tract to Rae's southwest corner, and Russell's northwest corner 618 varas;

Thence south 19 west, with said Russell's west line to Little River, 2500 varas;

Thence with the meanders of said river to the place of beginning, containing 33,054 acres of land. All of the land embraced within said field notes being out of the J. A. DePena 11 league grant, in said county of Milam.

It is therefore considered and ordered by the court, that an election be held in said Road District Number Eight of Milam county, Texas, at Buckholts, in said Road District, on the third day of May, A. D. 1919, which is not less than thirty days from the date of this order, to determine whether or not the bonds of said Road District Number Eight of Milam County, Texas, shall be issued in the amount of one hundred and fifteen thousand dollars, (\$115,000.00), bearing interest at rate of five and one half per centum per annum, bonds to be numbered from one to two hundred and thirty, each for the sum of five hundred dollars, numbers one to seven to be retired one year from the date thereof, and seven of said bonds to be serially retired annually thereafter, until one hundred and forty of said bonds shall have been retired, and thereafter nine of said bonds to be retired annually, and whether or not a tax shall be levied upon the property of Road District Number Eight of Milam county, Texas, subject to taxation, for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity.

Notice of said election shall be given by publication in a newspaper published in said county for four consecutive weeks before the date of said election, and in addition thereto, there shall be posted notices of such election at three public places in said Road District Number Eight of Milam county, Texas, for three weeks prior to said election.

Said election shall be held at the school house in Buckholts, in said Road District Number Eight of Milam county, Texas, and Thos. V. Adams is hereby appointed manager of said election.

Said election shall be held under the provisions of Articles 627 to 641, inclusive, of chapter 2, title 18, Revised Statutes, 1911, and as amended by Chapter 203, acts of 1917, and only qualified voters who are property tax payers of said Road District Number Eight of Milam county Texas, shall be allowed to vote, and all voters desiring to support the proposition to issue bonds shall have written or printed on their ballots the words:

"For the issuance of bonds and the

levying of the tax in payment therefor."

And those opposed shall have written or printed on their ballots the words:

"Against the issuance of bonds and the levying of the tax in payment therefor."

The manner of holding said election shall be governed by the laws governing general elections in this state.

A copy of this order, signed by the County Judge of said county, shall serve as a proper notice of said election, and the county judge is directed to cause said notice to be published in a newspaper in said county for four successive weeks preceding such election, and cause to be posted a notice thereof at three public places in said Road District Number Eight of Milam County, Texas, for three weeks prior to said election.

A true copy I certify,
W. G. GILLIS,
County Judge, Milam County, Texas.

SAN GABRIEL GOSSIP

April 1st.—This writing finds us listed with the "April Fools," so as fate has decreed, we take our place and perform our duty in presenting the little budget of news though it weighs rather light this week.

Our school was suspended for last Friday and a large part of the school accepted the opportunity of attending the Interscholastic school meet in Thorndale that day. Many attended the declamation exercises Friday evening in Thorndale. Our village school was represented in this. Freeman Gamble won first place in the senior boys contest. Little Miss Inez Goff got first in the contest of junior girls, while Miss Virgel Foster of San Gabriel won second place in senior girls contest and Hope Camp, Jr., won second place for junior boys. We feel proud of our record thus far.

Since our last communication we've had a bountiful supply of rain. Saturday and Sunday were both rainy days and now the world smiles with its carpets of beautiful, variegated green, so refreshed by showers and dews. San Gabriel river is on a small rise.

W. A. J. Dunham returned last week from Waco where he attended the Baptist convention.

F. M. Amason and wife with Mrs. J. T. Woody and daughter, Miss Kate, motored to Thorndale Friday and witnessed the exercises for the day.

Prof. C. A. Nichols spent a brief few minutes after the close of the school in Thorndale Thursday last.

Miss Annie May Camp who is a student in Whites College of Austin, spent last week-end at home.

Misses Zora and Esther Bailey were shopping in Thorndale Saturday.

Members of San Gabriel Baptist church missed the presence of their pastor, Rev. M. A. Darby of Thorndale, who could not fill his appointment here Sunday on account of sickness.

Henry Camp and son, Le Tellier, Ed Kirkman, Harry Clark, Leonard Locklin, Roland Lawson, Mr. and Mrs. Virgel Winford and children, Bud Guthrie were trading in Thorndale Saturday.

Miss Ina Barclay motored to Cameron Saturday.

John Goff and wife and Miss Lottie Banzhaf were buying in Thorndale Thursday afternoon.

A dipping vat for the dipping of stock is being built on the Walter Felton farm a couple of miles west of San Gabriel. The work progressed every nicely the first of this week as numbers of nearby farmers and hands put in a day in assistance while fields are too wet for plowing.

Messrs Henry and Joe Yeager now drive a new Ford, bought one day last week.

Milton Perry of Eddy spent last Thursday and Friday here, with his sister, Mrs. Walter Felton.

J. D. Griffith and family, Tom Felton, Jr., Elbert Felton and family, Will Maddox and family, E. M. Perry, John Young, Ed Case, A. Y. Norman, Walter Felton and wife were present at the tract meet in Thorndale Friday.

J. S. Woody and son Harry and little daughter, Ira V., spent Saturday in Taylor.

Mrs. Pickett and daughter, Edna, left last Thursday for their future home in Kansas.

Mrs. Matt Lawson and daughter, Miss Hazel, were trading in Thorndale Saturday.

Mr. and Mrs. Bert Camp of Thorndale were on the Gabriel Monday. Tom Johnson spent Saturday in Cameron.

We are glad to report the babe of Mr. and Mrs. Leonard Locklin much better.

Mrs. Ethel Berry was shopping in Thorndale Saturday.

Misses Gladys Adams, Thelma Clark, Fay Johnson and Mrs. Nettie

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic!

A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without coarseness or irritation.

Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.

Moseley were looking over millinery goods in Thorndale Saturday.

San Gabriel Odd Fellows and Rebekahs enjoyed a big oyster supper given by the village I. O. O. F. Lodge Monday night.

LEMONS MAKE SKIN WHITE, SOFT, CLEAR

Make this beauty lotion for a few cents and see for yourself.

What girl or woman hasn't heard of lemon juice to remove complexion blemishes; to whiten the skin and to bring out the roses, the freshness and the hidden beauty? But lemon juice alone is acid, therefore irritating, and should be mixed with orchard white this way. Strain through a fine cloth the juice of two fresh lemons into a bottle containing about three ounces of orchard white, then shake well and you have a whole quarter pint of skin and complexion lotion about the cost one usually pays for a small jar of ordinary cold cream. Be sure to strain the lemon juice so no pulp gets into the bottle, then this lotion will remain pure and fresh for months. When applied daily to the face, neck, arms and hands it should help to bleach clear, smoothen and beautify the skin. Any druggist will supply three ounces of orchard white at very little cost and the grocer has the lemons.

Owners Are Better Guides than Specifications

Public appreciation is the most potent factor influencing the demand for Overland cars today. The confidence buyers have when ordering new Overland cars is the result of the esteem of 600,000 owners. This condition has its source in our original policy of placing owner-respect above all other considerations. This policy, to which we have adhered for ten years, has built the vast Willys-Overland factories occupying more than 120 acres. While our factories were giving precedent to war work we were enabled to devote painstaking, deliberate study and planning to the cars we now are marketing. We are in an even better position today to merit that public appreciation, on which the prestige of Overland and Willys-Knight cars is built.

Teachers' Examinations.

There will be five county examinations for teachers' certificates this year as follows:

June 6th and 7th.
September 5th and 6th.
October 3rd and 4th.
December 5th and 6th.

All examinations previous to July will be based on the 1918 course of study but the examinations subsequent to July will be based on the 1919 course of study, or the recently adopted books.

The April examinations will be held at Cameron and in the court house, beginning at 8:30 a. m. on April 4th.

Schedule

Friday forenoon—Physical geography, psychology, composition, arithmetic literature, solid geometry.

Friday afternoon—Texas History, grammar, descriptive geography, plane geometry, psychology, bookkeeping.

Saturday forenoon—Spelling, methods and management, civics, reading, chemistry, history of education.

Saturday afternoon—United States history, general history, agriculture,

algebra, physics, plane trigonometry.

Each applicant will be required to pay two dollars the regular fee for taking the examinations. The board of examiners will furnish uniform examination paper to applicants at cost; but applicants must have all necessary pens, ink, blotters, etc.

SALARIES INCREASED

Is your school out? You ought to double your present salary before school opens in the fall. You can earn that increased salary not only while school is open, but during the entire spring summer, fall and winter. Therefore, you will draw twenty-five to fifty per cent more salary during a year than you would at the same rate teaching only during the school terms and spending your savings after school is out.

The door to the world of business is open. Everywhere help is needed and excellent pay is offered. Business is going forward at a rapid rate. There is an unlimited demand for properly trained commercial help. Teachers can qualify for more agreeable positions with a better salary.

The same qualifications that make a successful teacher will help you to succeed in business where the opportunities are greater. The fact that you are well grounded in English and Mathematics will make it easy to fit yourself for the higher salaried positions. Take advantage of this opportunity by getting our Commercial Training. In three months you will be ready to accept one of the many good positions that await you.

What you can do in business, you can do as well in civil service. Your ambition to travel to see the capitol, Washington, D. C. is easily achieved. Uncle Sam offers good salaries to beginners who are properly trained. Our graduates are successful in this work. Many enter school with civil service in view; many decide upon it after they are in school, and large numbers of our former students have changed their business positions for Government Positions.

Your education and experience will both be helpful in preparing for the Civil Service examinations that you must pass to be appointed to a position.

ion as Bookkeeper, Stenographer or clerk. These examinations are not difficult for any one who has completed our Civil Service Course. Both men and women appointed and beginning salaries are now \$1,000 to \$1,200 a year, with permanent employment at Washington or in one of the Government offices throughout the country.

There is also an increasing demand for commercial teachers in high school and business schools. The position of commercial teacher is more pleasant than work in the grades. The work is also easier because the students are older, have fixed purposes in their studies, and the matter of discipline becomes a minor one. You can earn more than your present salary without entering an entirely new field.

IN THE VICINITY OF VLADIVOSTOK

Showing an American Y. M. C. A. man distributing bars of chocolate to Czechoslovak soldiers in Siberia. The Y. M. C. A. gave chocolate, cigarettes, etc., to the men on the extreme front lines and sold them elsewhere. Writing paper, pens, ink, moving pictures, concerts, etc., were always free to the men. Because of the very heavy expense incident to shipping all kinds of supplies overseas and then hauling them to the front, the Y. M. C. A., ordered by the war department to charge cost plus transportation, was in some cases forced to charge the soldiers more than the same goods would have cost them in the United States, with the result that the organization has been severely criticized. In view of this criticism, the army officials finally came to the Y. M. C. A.'s rescue, with the result that the boys overseas are now buying canteen supplies in many cases much cheaper than they can be bought in the United States.

"GOODIES" FOR ITALY'S FIGHTERS

The above picture was taken in Italy and shows a Y. M. C. A. camion loaded with good things for the soldiers. The driver has just taken his seat and is receiving final instructions before starting out on his tour of distribution. The transportation problem was one of the greatest with which the "Y" had to deal. At one time, for instance, the organization sent a shipment of an even hundred autotrucks to France, but on their arrival eighty-five of them were commandeered by the army. Men, food and munitions were more important to Uncle Sam than cigarettes, chocolate and chewing gum, and as a result many a "doughboy" was deprived of his "makins." Those were the days when most anybody, especially if that somebody happened to be a "Yank" at the front, would admit that Sherman was absolutely right.

"MOVING DAY" ON ITALIAN FRONT

The photo above, one of the latest from the Italian front, shows a number of Y. M. C. A. workers and soldiers taking the makings of a "Y" hut to an isolated army post so that it can be put up. It gives an illuminating idea of some of the difficulties incident to war work.

KEEP FIT FOR HOME SLOGAN OVERSEAS

Pershing Issues Order Designating Y. M. C. A. to Supervise Athletics.

Paris.—General Pershing's position regarding the Y. M. C. A.'s management of athletic activities in the American expeditionary forces is set forth in the following army order:

"The Y. M. C. A., with the approval of the commander in chief, has organized a department of athletics and is prepared to give every assistance in the development of general athletics and the arrangement and management of competitions between military units.

"It has a large number of specially trained physical directors in mass play and other athletic activities now in its ranks in France. One of these will be attached to the staff of each division and separate unit, and will be designated in orders as the divisional (or unit) athletic director, and under supervision of the division athletic officer will be charged with the responsibility for the arrangement, management and general conduct of

athletic activities throughout the unit."

In another section of the order, provision is made for mass athletics and competitions for every possible man, an all-point company athletic championship and official A. E. F. championships in a wide variety of sports. "Keep Fit for Home" is now the slogan. If the period of demobilization is not to be, as Doctor Mott has put it, "a period of demoralization" for many men, attractive, constructive physical activities must immediately be substituted. To a certain degree a continuation of military drill will meet the situation, but the games and play, informal and competitive, will be found the best agency to meet the call for physical well-being.

There will be physical expression of some sort, particularly during the leisure time of the soldier. Shall it be destructive, disorderly and dull—or constructive, orderly and interesting? The army has decided for the latter. It has adopted a program maintaining a wise balance between the amount of drill necessary to maintain military efficiency and discipline and the amount of play necessary to keep men physically stimulated, and so the responsibility for the play side of this program for the 2,000,000 men in France is placed upon Y. M. C. A. athletic directors, experts in their profession.

Syrup Keeps Down Food Costs

When everything now is going sky-high and nearly all articles of food have increased as much as 50%, it is a good thing to consider using more of a food which will be nutri-

tious and healthy and at the same time not cost so much. Syrup is one of these few foods. Not only is it healthy but it furnishes to the body the fuel needed to keep it going.

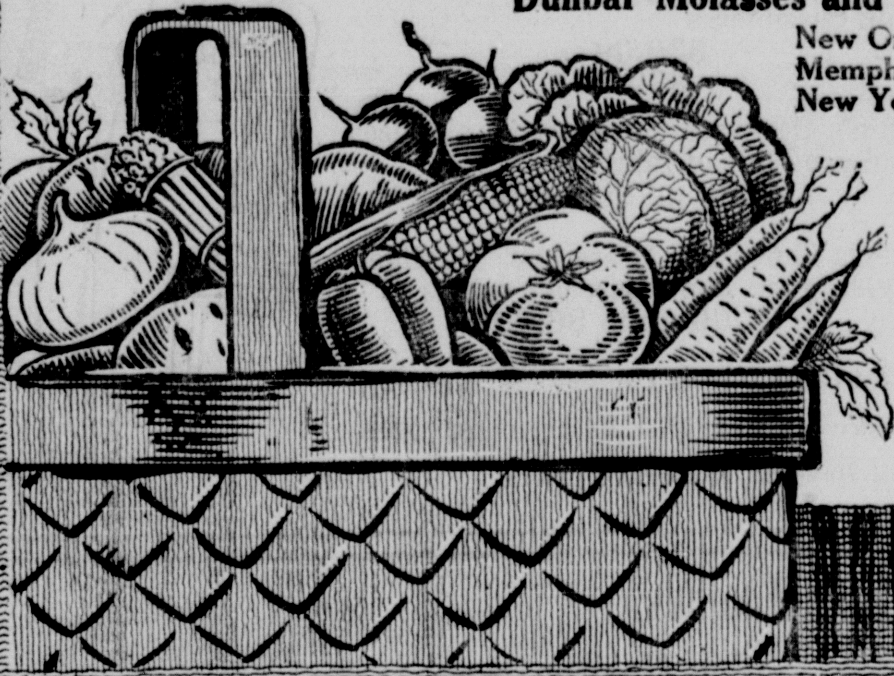

Dunbar's Syrup

Dunbar's King Komus Syrup is the syrup for you to buy. It is made in Louisiana right where the sugar cane grows, and the syrup has the flavor of the cane itself. It is pure and unadulterated. It is put up in a model

factory in sanitary cans. Because Dunbar's King Komus is pure you get full food value. It is, therefore, the cheapest in the end. Eat more Dunbar's King Komus Syrup and keep down the cost of living. Ask Your Grocer.

Suggestions by mothers who have been kindergartners. Issued by the United States Bureau of Education, Washington, D. C., and the National Kindergarten Association, 8 West Fortieth Street, New York.

Kindergarten Methods as Valuable for Home as for School, but Children Should be in a Regular Kindergarten if Possible, Under the Guidance of a Skilled Teacher and in the Companionship of Children of their own Age and State of Development.

(By Mrs. Marie K. Chaffee.)
About a year and a half ago a number of mothers in a small town petitioned their school board for a public kindergarten. They knew that there were at least twenty-five children in the community who would attend and that there was a vacant room in one school house which could be used for the purpose. But the school board contended that there were too many other expenses for the coming year and that the town could not afford to establish a kindergarten.
The mothers, however, persisted in their idea that the need for a kindergarten was very great, and after many months of patient work they succeeded in persuading the school committee

to give the use of the vacant room. A class of eight children has now been started, and it is in charge of a young pupil kindergartner who is taking this work as her senior practice teaching, charging only a small sum for each child. She is full of enthusiasm and the work has been progressing steadily under her inspiration.

The children who attend the kindergarten are nearly all from good families. It impressed me strongly as I canvassed the town in search of pupils, that the very parents who could and did give their children every possible advantage were the ones who were quick to realize the opportunities in kindergarten training. Other parents, whose children were "running wild" physically and mentally, so to speak, would say, "We don't think our child needs to go to a kindergarten," or "We cannot afford to pay so much for just having Mary amused."

All mothers should know that the kindergarten is not a place where a child is "just amused," nor is it a school room where facts are drilled into a child's head for hours at a time. A well managed kindergarten is like a well managed home, a place where the children may develop naturally and normally. In the kindergarten they do this to the very best advantage under the careful guidance of a teacher trained for her work and in the companionship of other children.

After a kindergarten has been started, mothers should visit it frequently

and attend the mothers' meetings which the kindergarten conducts in order to explain to them the purpose of the kindergarten and how they may help its work and influence. In this way they will come to understand the value of the games and other activities of the kindergarten, and will gain many helpful ideas and suggestions, which may be used equally as well in the home as in the kindergarten.

And right here should be pointed out the opportunity the kindergarten mother or the mother who knows something of kindergarten methods has in her community. She can start the right spirit among the mothers and children all about her if she so desires. She can form mothers' clubs and have a kindergarten training teacher or supervisor give talks. The spirit of kindergarten games can be carried into the whole community, gathering in the fathers and mothers and thus greatly helping the child welfare movement.

I know a mother who never had any kindergarten training, but became interested in it when her babies were small. She read all the books she could find on the subject and visited many kindergartens in order to understand more of the value of play as Froebel explains it. Then the mother began to apply Froebel's methods systematically in the home education of her children. One of her daughters when she grew up became a student of mathematics and the mother always says that the first lesson in mathematics began when her daughter was a little girl and wore curls. As the mother brushed the curls each morning, the child would count, and add and subtract them and thus an instructive as well as a merry game was made out of what is usually a tedious performance.

This mother has brought up four children, but even though the boys and girls are all grown, this family has never lost its play spirit. How far we stray from the path of youthfulness and joy in starving the play side of our makeup! A man is old only when he has lost the love of play. It is not merely, "Come, let us live with our children," but "Come, let us play with our children."

Please pass this article on to a friend and thus help Uncle Sam reach all the mothers of the country.

TWAS A LUCKY DAY
SAYS MRS. O'CONNOR
Her Improvement, After Taking Tanlac, Was Simply Wonderful.

"It was certainly a luck day for me when I got my first bottle of Tanlac," said Mrs. John O'Connor, of 338 East Oldham St., Knoxville, Tenn.

"For five or six years," she continued, "I had been in a dreadfully run-down and nervous condition, was awfully weak and suffered with spells of dizziness. I had terrible nervous headaches and my stomach was so weak I couldn't digest even the lightest kind of food. I could sleep very little and became so despondent that I was afraid nothing could help me regain my health."

"I wouldn't have believed it if anybody had told me any medicine would cause me to gain eight pounds in ten days, but that is exactly what Tanlac has done for me. Soon after I started it I began to eat better, sleep like a baby and feel just fine and my steady improvement has simply been wonderful. I have thrown away all my other medicines and will stick to Tanlac, for I think it is the finest medicine on earth."

Tanlac is sold in Cameron by the New Cameron Drug Co.

Nux-I-Tone

Spanish Influenza leaves the system in a seriously rundown and weakened condition; for a quick and complete recovery we recommend Nux-I-Tone.

This Tonic containing Iron and Nux Vomica in combination with Beef and Wine is recommended for convalescents, weak women, aged persons and delicate children. Of special benefit to persons who do not have sufficient iron in their blood, as indicated by paleness and anaemic conditions.

Nux-I-Tone is an excellent strengthening tonic in pale, weak and run-down conditions, increasing vitality. It is an agreeable and satisfactory tonic for run-down individuals who wish to regain their strength and for delicate children who need iron in their blood. Price One Dollar.

For Weak Women

In use for over 40 years! Thousands of voluntary letters from women, telling of the good Cardui has done them. This is the best proof of the value of Cardui. It proves that Cardui is a good medicine for women.

There are no harmful or habit-forming drugs in Cardui. It is composed only of mild, medicinal ingredients, with no bad after-effects.

TAKE

CARDUI

The Woman's Tonic

You can rely on Cardui. Surely it will do for you what it has done for so many thousands of other women! It should help. "I was taken sick, seemed to be . . ." writes Mrs. Mary E. Veste, of Madison Heights, Va. "I got down so weak, could hardly walk . . . just staggered around. . . I read of Cardui, and after taking one bottle, or before taking quite all, I felt much better. I took 3 or 4 bottles at that time, and was able to do my work. I take it in the spring when run-down. I had no appetite, and I commenced eating. It is the best tonic I ever saw." Try Cardui.
